

# Lars-Eric Lindblad announces eleven extraordinary Cruising Expeditions for 1972 aboard the M/S Lindblad Explorer.

It is with great pleasure that we can now accept reservations for a series of 1972 cruising expeditions that promise a rare variety of pleasure and education.

On most of these expeditions we will set foot on shores seldom, if ever, visited by cruise ships. We will see archaeological and historic landmarks and exciting wildlife, and special emphasis is given to conservation and ecology.

All expeditions are accompanied by lecturers of world renown.

**West Coast of South America:  
March 3 to March 31, 1972**

From Tierra del Fuego to Ecuador, visiting many places of interest along the coast of Chile, Peru and Ecuador, as well as Juan Fernandez Island and the Guano Islands off Peru.

**Darwin's Galapagos:  
March 30 to April 20, 1972**

We visit twelve of these unique islands made famous by Charles Darwin, as well as the Perlas Islands off Panama and several bird sanctuaries in the Bahamas.

**British Isles and Faeroe Islands:  
May 1 to 22 and May 18 to June 8, 1972**

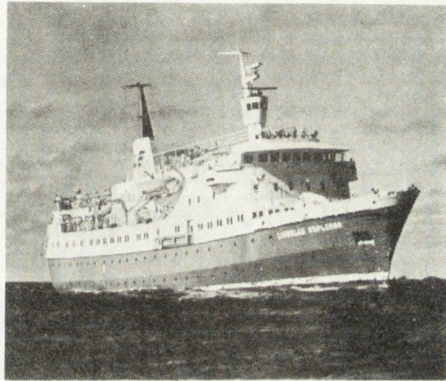

Two round the British Isles cruising expeditions, calling at the Arans, Lundy, St. Kilda, North Rona and many other fascinating islands in the Hebrides, Orkneys and Shetlands. Also included is a visit to the Faeroe Islands.

**The Baltic: June 5 to July 3, 1972**

The Swedish, Finnish and Danish coasts and important Baltic islands are visited, and we explore deep into Arctic Lapland and call at Leningrad.

**Norway and the Fjords:  
June 22 to July 21, 1972**

There are many cruises to the fjords—but, for the

The MS/Lindblad Explorer

first time, we shall see them as they deserve to be seen, by calling where no other cruising ships have ventured.

**Spitsbergen: July 17 to July 31, 1972**

A short cruise, from Tromsø in Norway, around to Tromsø, which will be unique in circumnavigating Spitsbergen, never before attempted by a passenger vessel.

THE WORLD OF  
LINDBLAD TRAVEL

**The Arctic: July 27 to August 30, 1972**

A stupendous experience—we visit Spitsbergen, Jan Mayen Island (try to find that on your map!), Greenland and Iceland, ending in England.

**France, Portugal and Spain:  
August 28 to September 14, 1972**

We cruise leisurely along the fascinating coasts of these countries, at the best time of the year, seeing places of historical and wildlife interest, and spend two days at the Coto Donana in Spain.

**The Amazon:  
October 7 to October 30, and  
October 30 to November 26, 1972**

We explore 2000 miles up the Amazon River, as far as Iquitos, Peru, and venture deep into tributaries in our special rubber boats and jetcraft. The second cruise also includes the baroque cities of the Brazil coast and ends in Rio de Janeiro.

If you are interested in joining us on any of these cruises, please send coupon below.

## WORLDWIDE BIRDWATCHING

with HAROLD PETERS and DAVID STIRLING

### I. INDIA—NEPAL—CEYLON

Wildlife Sanctuaries of the  
Indian Sub-Continent

January 17 to February 13, 1972

Our seventh annual Indian wildlife tour, led by Harold Peters for the sixth time since 1966. About 350 species of birds are seen on this tour. Bird lists are available, for participants, from Mr. Peters.

**GIR FOREST**, last stronghold of the Indian Lion, with abundant bird life and fair numbers of nilgai, chinkara, sambar, chital and four-horned antelope.

**KHEOLADEO GHANA**, one of the world's richest waterbird sanctuaries, with masses of spectacular Indian and migratory birds: Siberian Crane, Painted Stork, Open-billed Stork, Adjutant, several kinds of pelicans, cormorants, jacanas, 15 species of migratory ducks, Bar-headed Goose, Grey-lag Goose, Glossy Ibis, hornbills, etc.

**KAZIRANGA**, in the Brahmaputra Valley of Assam, the famous reserve for the Great One-horned Indian Rhinoceros, the most fantastic of the Asian rhinos. Tiger, wild buffalo, leopard, deer, antelope, and a long list of birds.

**GARDENS** of Bombay and Delhi, Agra and the Taj Mahal, National Day of India in Delhi with the dances and folklore of all India.

**NEPAL**: birdwatching excursions in the Katmandu Valley, trips to vantage points for mountain viewing. Pagodas, Buddhist monasteries and Hindu temples, Himalayan villages.

**CEYLON**: the bird sanctuaries of Yala National Park and herds of wild elephant; leopard, bear, crocodile, mongoose, monitor lizards, gorgeous peacocks and jungle fowl in the forests, Also Kandy, Nuwara, Elya and Colombo.

Limited membership. For descriptive booklet, reservations and bird lists write to HAROLD PETERS, 18 Carriage Drive, Simsbury, Conn. 06070 or to TREASURE TOURS.

### II. UNKNOWN AUSTRALIA

National Parks of Australia

September 21 to October 26, 1971

Led by David Stirling, who has led our bird-watchers in Australia before. Mr. Stirling is an authority on Australian birds, mammals, and wildflowers. He is an ornithologist and conservationist with the National Parks Department of British Columbia, Canada. This is a comprehensive tour of Australian National Parks and our fourth nature tour of the continent.

**SAFARI** in Eastern Arnhem Land, of the Far North. Katherine Gorge National Park on the Arnhem Land Plateau.

**A WEEK** in the sanctuaries of the Southwest, the wildflower paradise of the world, with many unique birds and animals.

**NORNALUP NATIONAL PARK**, Mount Many-peaks and Two People Bay Reserves, Stirling Range National Park and the famous anteatr reserve of the Dryandra Forest.

**HATTAH LAKES NATIONAL PARK**, in the interior of Victoria, with many kangaroos, emus, and large colonies of mound-building mallee fowl. The semi-desert centre with Ayers Rock and Mt. Olga National Park, with two days in the Finke River Gorges of the McDonnell Ranges.

**HERON ISLAND NATIONAL PARK** and One Tree Island, outer islands of the great barrier reef, and the reef's famous bird and turtle sanctuaries.

**LAMINGTON NATIONAL PARK**, on the borders of Queensland and New South Wales, with its magnificent rain forest and scenery, antarctic beech forest, lyrebirds, bowerbirds and many other Australian endemics.

Limited membership. For reservations and extensive booklet write to DAVID STIRLING, 3500 Salisbury Way, Victoria, B.C., Canada, or to TREASURE TOURS.

# WE SHOW PEOPLE BIRDS

*That's our specialty. We do it very well.*

*We cater to small parties of birdwatchers who want to see large numbers of birds.*

*We try to show each participant all the birds.*

*Our leaders are outstanding ornithologists with extensive experience in the areas of their tours.*

*Our last East African tour recorded 663 species of birds and all the great mammals, too.*

*We have tours throughout the year to Africa, Asia, Europe, the Caribbean, Central and South America. Join us for a birding adventure you'll never forget.*

*We feel that our March 1972 tour of Malaya, Thailand and Burma will be the outstanding ornithological tour of the year. Would you like to know the reasons why?*

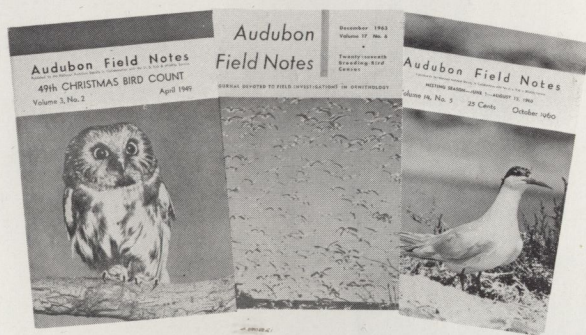

*Write for our brochure.*

## YOUR BACK NUMBERS OF AUDUBON FIELD NOTES ARE TAX-DEDUCTIBLE GIFTS

When we ask for contributions of back numbers of Audubon Field Notes it is because we are in very short supply or completely out-of-stock of certain issues and cannot fill orders from libraries, universities, and others needing complete sets.

Since we are paid for these orders, and are a non-profit educational and scientific organization, gifts of back issues are the equivalent of cash contributions, and can be so reported on your income tax. A recent legal opinion supports this statement.

Following is the list of issues wanted and the value we place upon them:

	Complete Volume	Numbers 1, 3, 4, 5, 6	Number 2 (Christmas Count)
1947-1950 (Vols. 1-4)	\$9.00	\$1.50	\$1.50
1951-1954 (Vols. 5-8)	8.00	1.25	1.75
1955-1962 (Vols. 9-16)	7.50	1.00	2.50

Other numbers are not needed at this time, and should not be sent, except for the following badly-wanted issues:

- December, 1963: Vol. 17, No. 6—\$2.00
- December, 1965: Vol. 19, No. 6—\$2.00
- December, 1966: Vol. 20, No. 6—\$2.00
- December, 1967: Vol. 21, No. 6—\$2.00
- February, 1969: Vol. 23, No. 1—\$1.00

Upon receipt, in good condition only, we will acknowledge your gift and verify its value to us. Please wrap securely.

When you give us unwanted back numbers you do three good deeds in one: you help a library complete its files, you make a financial contribution to the National Audubon Society, and your own tax burden is reduced. Why not comb your files today, and send off those back copies to AMERICAN BIRDS, 1130 Fifth Avenue, New York, N. Y. 10028.
