## OBSCURE MANUSCRIPT SOUGHT

**Request for Information.** Anyone who might have information on the whereabouts of the obscure manuscript of the "Birds of Huntington" by E. R. Cross, please contact Bradford G. Blodget, State Ornithologist, Massachusetts Division of Fisheries and Wildlife, Route 135/North Drive, Westboro, MA 01581. This manuscript was referenced by Bagg and Eliot in their 1938 book, *Birds of the Connecticut Valley in Massachusetts*. However, it appears to be lost, and B. Blodget would appreciate any clues to its existence.
