Volunteer Hawkwatchers Sought

The Eastern Massachusetts Hawk Watch (EMHW) seeks volunteers of every level of skill and experience to cover hawkwatch sites this fall, from well known sites such as Mount Watatic, Bolton Flats, and Wachusett Mountain, to your own backyard. We especially seek observers for Wachusett Mountain and Mount Watatic on weekdays during September and October. Experience is not required, and you do not have to "be sure" you can identify all the hawks. Reporting the volume of hawks, including those that may not be easily identified, is most important. For more information, contact Paul M. Roberts, 254 Arlington Street, Medford, MA 02155; telephone 617-483-4263 after 7 PM.
