CORRIGENDA

Bird Observer regrets that two footnotes were inadvertently omitted from Volume 8, Number 6. Deborah S. Schildkraut, author of "An Application of Behavioral Research in Zoos," thanks research volunteer Fay Vale for her hours of excellent observation of the captive King Penguins discussed in the article. Theodore H. Atkinson's article, "Waterfowl Breeding Success," was based on "The Status of Waterfowl and Fall Flight Forecast -- July 25, 1980," published by the U.S. Fish and Wildlife Service with the cooperation of the Canadian Wildlife Service and many state, provincial, and private conservation organizations. The tables and graphs presented by Mr. Atkinson were taken, with permission, directly from that publication.

WHALE WATCH AND PELAGIC BIRD TRIP

A whale watch and pelagic bird trip sponsored by the Massachusetts Audubon Society's Moose Hill Sanctuary and the Trailside Museum will be held on Sunday, May 3. The trip will leave from the Plymouth State Pier at 7 a.m., on the Cape Cod Princess. For further information, contact the Moose Hill Sanctuary (784-5691) or the Trailside Museum (333-0690).

THE LANGUAGE OF FLOWERS

A delicate little dictionary of flowers, lovingly compiled in a gentler time, by a devoted husband as a gift for his wife. Full color facsimile edition printed in England lists over seven hundred flowers and their meanings, charmingly handwritten with delicate water-coloured flowers and plants bordering each page. A book to own, to give with love. **\$6.50 ppd.**
