WATERFOWL CENSUS OF BOSTON AND NEWBURYPORT HARBORS

On January 10, 1982, the TASL project of BOEM is conducting a survey and census of waterfowl of Boston and Newburyport harbors. Another census will be taken on February 6, 1982 (Newburyport) and February 7 (Boston). For information about leaders and meeting places, call Craig Jackson, 321-4382, or Soheil Zendeh, 628-8990. We urge all who can participate in this important survey to do so.
