

ORNITOLOGIA NEOTROPICAL

An International Journal of Neotropical Ornithology
published by the
NEOTROPICAL ORNITHOLOGICAL SOCIETY

Volume 23

2012

No. 2

CONTENTS

ARTICLES

- A DECADE OF PROGRESS (2001-2010): OVERVIEW OF DISTRIBUTIONAL RECORDS OF BIRDS IN MAINLAND ECUADOR. *Alejandro Solano-Ugalde and Juan F. Freile* 1
- SEED DISPERSAL BY NEOTROPICAL BIRDS: EMERGING PATTERNS AND UNDERLYING PROCESSES. *Jordan Karubian, Luke Browne, Carlos Bosque, Tomas Carlo, Mauro Galetti, Bette A. Loiselle, John G. Blake, Domingo Cabrera, Renata Durães, Fábio M. Labecca, Kimberly M. Holbrook, Richard Holland, Walter Jetz, Franz Kämmerth, Jorge Olivo, Kym Ottenvell, Gianni Papadakis, Gonzalo Rivas, Silke Steiger, Bryson Voirin, and Martin Wikelski* 9
- SEASONAL BODY MASS CHANGES IN SIX FOREST PASSERINES OF SOUTHERN CHILE. *Steven M. McGehee, Phineas Hamilton, Branden Beatty, Jack. C. Eitner and Barry W. Glickman* 25
- EFFECTOS POTENCIALES DEL CAMBIO CLIMÁTICO EN LA DISTRIBUCIÓN DE COLIBRÍES: UN ESTUDIO DE CASO CON ESPECIES DE LOS GÉNEROS. *Amazilia Y Cyananthus. Carlos Lara, Teresa Patricia Feria-Arroyo, Jon Dale, Jesús Muñoz, María del Coro Arizmendi, Juan Francisco Ornelas, Raúl Ortiz-Pulido, Claudia Isabel Rodríguez-Flores, Román Díaz-Valenzuela, Vanessa Martínez-García, Anaíd Díaz-Palacios, Ruth Partida, Paula L. Enriquez, José Luis Rangel-Salazar & Jorge Schondube* 35
- HOW MANY PLANT SPECIES DO HUMMINGBIRDS VISIT? *María del Coro Arizmendi & Claudia Rodríguez-Flores* ... 49
- PHYLOGENETIC RELATIONSHIPS WITHIN THE GENUS EUPHERUSA INFERRED FROM mtDNA SEQUENCES. *Blanca E. Hernández-Baños, Luz E. Zamudio-Beltrán, Jaime García-Moreno & Luis E. Eguarte* 55
- POLLINATION NETWORK OF A HERMIT HUMMINGBIRD COMMUNITY (TROCHILIDAE, PHLAETHORNITHINAE) AND THEIR NECTAR RESOURCES IN THE COLOMBIAN AMAZON. *Claudia Rodríguez-Flores, F. Gary Stiles & María del Coro Arizmendi* 63
- DIFFERENCES IN NECTAR USE POTENTIAL IN A GUILD OF BIRDS: A GUT'S VIEW. *Jorge E. Schondube*. 79
- THE ROLE OF COMPETITION IN STRUCTURING TROPICAL BIRD COMMUNITIES. *Jill E. Jankowski, Catherine H. Graham, Juan Luis Parra, Scott K. Robinson, Nathalie Seddon, Janeene M. Touchton, & Joseph A. Tobias* 97
- CRITICAL PARAMETERS FOR PSITTACINE CONSERVATION: A SYMPOSIUM OVERVIEW. *Donald J. Brightsmith & Thomas H. White, Jr.* 107
- DIVERSIFICATION OF THE NEOTROPICAL AVIFAUNA: DISENTANGLING THE GEOGRAPHICAL PATTERNS OF PERSISTING ANCIENT TAXA AND PHYLOGENETIC EXPANSIONS. *Jon Fjeldså* 113
- DOCUMENTANDO ESTRATEGIAS DE MUDA EN AVES NEOTROPICALES: EJEMPLOS DE LA SIERRA NEVADA DE SANTA MARTA, COLOMBIA. *Gómez, Camila; Botero-Delgado, Esteban; Bayly, Nicholas J.; Moreno, María I. y Pérez, Carlos Andrés* 129

THE NEOTROPICAL ORNITHOLOGICAL SOCIETY (Founded 4 Detember 1981)

President: Jorge L. Perez-Eman, Instituto de Zoologia y Ecologia Tropical, Universidad Central de Venezuela, Apartado Postal 47058, Caracas 1041-A, Venezuela (E-mail: jorge.perez@ciens.ucv.ve).

President-elect: Juan Ignacio Areta, CICyTTP-CONICET, Materi y Espana, Diamante (3105), Entre Rios, Argentina (E-mail: esporofila@yahoo.com.ar).

Editor: André-A. Weller, Zoologisches Forschungsinstitut & Museum Alexander Koenig, Adenauerallee 160, 53113 Bonn, Germany (E-mail: a.weller@uni-bonn.de).

Treasurer: Daniel Lebbin, Neotropical Ornithological Society, P.O. Box 185, The Plains, VA 20198-0185, USA (E-mail: nostreasurer@gmail.com); subscriptions, orders, back issues, changes of address, missing issues.

Secretary: Jennifer Cahill, Centro de Biodiversidad y Genetica, Universidad Mayor de San Simon, Calle Sucre y Parque La Torre, Casilla 538, Cochabamba, Bolivia (E-mail: jcahill@fryt.umss.edu.bo).

Other Elected Members of the Board of Directors: Daniel Cadena (Colombia), Cristian Estades (Chile), Eduardo E. Iiigo-Elias (Mexico), Marcos Raposo (Brazil), Pedro Scherer Neto (Brazil), and Ursula Valdez (Peru).

Membership Secretary: Jack Clinton Eitniear, c/o Center for the Study of Tropical Birds, Inc., 218 Conway Drive, San Antonio, TX 78209-1716, USA (E-mail: jce@csbtinc.org).

Past Presidents: Mario A. Ramos, Washington, DC, USA; Franyois Vuilleumier, New York, NY, USA; Patricia Escalante, Mexico, D.F., Mexico; Joseph M. Wunderle, Luquillo, PR, USA.

Past Editors: Karl-L. Schuchmann, Bonn, Germany (1987-1997); Raymond McNeil, Chateauguay, Canada (1997-2008).

Patrons: Robert G. Goelet, New York, NY, USA; Luc Hoffmann, Le Sambuc, France.

Book reviews: John G. Blake, Department of Wildlife Ecology and Conservation, 117 Newins-Ziegler Hall, PO Box 110430, University of Florida, Gainesville, FL 32611, USA (E-mail: john.blake@ufl.edu).

Obituaries: James W Wiley, Maryland Cooperative Fish & Wildlife Research Unit, University of Maryland Eastern Shore, 1120 Trigg Hall, Princess Anne, MD 21853, USA.

Exchange of *Ornitología Neotropical* with other journals: Tom Webber, Florida Museum of Natural History, Gainesville, FL 32611, USA (E-mail: twebber@flmnh.ufl.edu).

Editorial Board

Luiz dos Anjos, Brazil	Olaf Jahn, Germany	Angela Schmitz, Germany
Juan I. Areta, Argentina	Eric Mellink, Mexico	Karl-L. Schuchmann, Germany
Igor Berkunsky, Argentina	Adolfo Navarro-S., Mexico	Jean-Marc Thiollay, France
Rosendo M. Fraga, Argentina	Marcos Raposo, Brazil	Marcelo F Vasconcelos, Brazil

Membership

Any person interested in ornithology may become a member of the Neotropical Ornithological Society upon payment of dues. Members of all classes receive ORNITOLOGIA NEOTROPICAL. Membership dues per calendar year are: Students (with verification of student status): US \$ 25.00; subscribers from Latin American countries: US \$ 35.00; subscribers from all other countries: US \$ 45.00; libraries: US \$ 120.00; life membership: US \$ 840.00. ORNITOLOGIA NEOTROPICAL of the current year is sent by third class mail. All payments must be to the Treasurer in US currency, either by credit card (VISA, MasterCard), or by check or international money order drawn on a US bank. For electronic payment using Justgive (preferred) or Paypal directly contact the Membership Secretary (E-mail: jce@csbtinc.org).

Art for the cover page representing the Thorn-tailed Rayadito is by Franyois Vuilleumier.

NOTICE TO CONTRIBUTORS

Manuscripts can be submitted in Spanish, Portuguese, or English on any aspect of avian biology in the Neotropical Region. All papers submitted shall reflect the results of original research. Authors are not required to pay page charges for papers of 10 printed pages or less, although contribution to page costs will be appreciated. However, authors are required to pay page charges for major articles in excess of 10 printed pages, and short communications exceeding four printed pages. All authors involved in a manuscript at the date of submission must be maintained throughout the processing of the manuscript; later changes will not be accepted and will result in excluding the manuscript from the further review and editing process.

All persons interested in publishing in *ORNITOLOGIA NEOTROPICAL* are welcome to submit their manuscripts to Dr. Andre-A. Weller, Editor, Zoologisches Forschungsinstitut & Museum A. Koenig, Adenauerallee 160, 53113 Bonn, Germany; Fax: 49-228-9122-212; *E-mail*: a.weller@uni-bonn.de.

MANUSCRIPTS

Potential authors are invited to obtain additional detailed instructions, in English, Portuguese, or Spanish, from the editor by e-mail or from the web page <<http://www.ibiologia.unam.mx/links/neo/neo.html>>. Manuscripts should be only submitted by e-mail and must be in the Word format. Type all parts of the manuscript double-spaced on one side of letter size (216 x 279 mm or similar) pages, with at least 25 mm margins. Avoid footnotes. Provide a concise title, and an abridged title for a running head. Avoid using tables as much as possible, using text or illustrations where possible. Put each table, figure, and their legends on extra pages after References. Material in the tables or graphs should not be repeated in the text. Write mathematical formulas on one line, where possible.

All major papers should have an abstract in English and another one in Spanish or Portuguese, designed to acquaint readers with the essential points in the text. It should contain no more than 300 words and should be suitable for the use of abstracting services. In addition, no more than 10 key words should be provided at the end of the abstract. Manuscripts intended to be "Short Communications" should be 6 typed pages or less, not including figures and tables. They require a title in an alternative language and key words but no abstract; otherwise they are organized the same as major articles. Use the metric system in text, figures, and tables. Designate clock time in the 24-h system and write it as 06:30 or 20:00 h. Use the European system of calendar notation (e.g., 4 December 1987). Use long dashes "Alt+0150" for numerical and time intervals (e.g., 8-20; 2005-2009). For English manuscripts, use American comma rules.

All illustrative material should be arranged in the form of figures, each with an arabic number. Graphs, maps, and drawings should be designed for reduction by at least one-half. Include a key to symbols in the illustration unless the symbols can be described in the legend. Photographs must be sharp and of good contrast showing details in important areas. Prints from monochrome (black-and-white) film are preferred. Photographs and paintings can be published in color at authors' costs; ask the Editor for details.

Make sure that all citations in the text are listed in the end of the paper, and that all papers listed have been cited. In-text citations of publications by two author should be as "Areta & Bodrati", three or more authors should be as "Buckley *et al*". Check for correct Journal abbreviations. For book citations, add publisher, city, and federal state or country. Use long dashes "Alt+0150" for page numbers in references (e.g.: 135-149). Consult a recent issue of *ORNITOLOGIA NEOTROPICAL* for details of citations.

Proofs corrections will be made without charge but author revision of proofs, not due to printer's errors, will be charged to the author at US \$ 5.00 per revision line. Return proofs and typescript to the Editor within one week after receipt. No reprint will be available but the first author of each paper will receive by e-mail a pdf file of his paper and will be allowed to make copies. *ORNITOLOGIA NEOTROPICAL* is printed on 100% recycled acid-free paper.

ORNITOLOGIA NEOTROPICAL (USPS 0019841, ISSN 1075-4377) is a refereed journal published quarterly. Periodical postage is paid at East Lansing, MI 48823, USA and additional mailing services. POSTMASTER: Send address changes to the Treasurer, address below. Printed at San Antonio, Texas, USA by Prestige Printing and published by the Neotropical Ornithological Society, c/o Daniel Lebbin, Neotropical Ornithological Society, P.O. Box 185, The Plains, VA 20198-0185, USA.

MOLT-REPRODUCTION OVERLAP IN BIRDS OF CERRADO AND ATLANTIC FOREST, BRAZIL. <i>Piratelli, Augusto</i>	139
USING MOLT AND PLUMAGE CYCLES TO AGE TROPICAL: UPDATES AND RECENT ADVANCES. <i>Jared D. Wolfe, T. Brandt Ryder, Peter Pyle and E. I. Johnson</i>	151
PLUMAGE MATURATION IN BROOD PARASITIC SCREAMING AND SHINY COWBIRDS. <i>Cynthia Ursino, Carolina Facchinetti and Juan Carlos Reboreda</i>	159
PROGRESS IN OUR UNDERSTANDING OF MOLT PATTERNS IN CENTRAL AMERICAN AND CARIBBEAN LANDBIRDS. <i>Jared D. Wolfe and Peter Pyle</i>	169
MUDA DE LAS AVES DEL BOSQUE NUBLADO DE RANCHO GRANDE, AL NORTE DE VENEZUELA. <i>C. Sainz-Borgo y M. Lentino</i>	175
TOWARDS AN INTEGRATED HISTORICAL BIOGEOGRAPHY OF THE NEOTROPICAL LOWLAND AVIFAUNA: COMBINING DIVERSIFICATION ANALYSIS AND LANDSCAPE EVOLUTION. <i>Camila C. Ribas, Marcos Maldonado-Cuello, Brian Tilston Smith, Gustavo S. Cabanne, Fernando M. d'Horta, Luciano N. Naka</i>	187
ECOLOGÍA Y CONSERVACIÓN DE LOS BÚHOS CHILENOS: AVANCES Y DESAFÍOS DE INVESTIGACIÓN. <i>Ricardo A. Figueroa R. & Sergio Alvarado O.</i>	207
BÚHOS DE ARGENTINA: ESTADO DE CONSERVACIÓN Y PRIORIDADES DE INVESTIGACIÓN. <i>Ana Troja, María Susana Bá, & Laura Biondi</i>	219
ESTADO DEL CONOCIMIENTO SOBRE LA ECOLOGÍA Y BIOLOGÍA DE BÚHOS EN BRASIL. <i>José Carlos Motta-Junior & Ana Cláudia Rocha Braga</i>	227
ESTADO DEL CONOCIMIENTO, DISTRIBUCIÓN Y CONSERVACIÓN DE AVES RAPACES NOCTURNAS EN ECUADOR. <i>Juan F. Freile, Diego F. Castro & Santiago Varela</i>	235
LOS BÚHOS DE MÉXICO Y CENTROAMÉRICA: NECESIDADES EN INVESTIGACIÓN Y CONSERVACIÓN. <i>Paula L. Enriquez, Knut Eisermann & Heimo Mikkola</i>	245
THE IMPORTANCE OF NEOTROPICAL SUBOSCINE BIRDS AS STUDY SYSTEMS IN ECOLOGY AND EVOLUTION. <i>J. A. Tobias, J. D. Brawn, R. T. Brunfield, E. P. Derryberry, A. N. G. Kirschel, N. Seddon</i>	259
CERULEAN WARBLER TECHNICAL GROUP: COORDINATING INTERNATIONAL RESEARCH AND CONSERVATION. <i>Deanna K. Dawson, T. Bently Wigley, & Patricke D. Keyser</i>	273
BREEDING SEASON CONCERNS AND RESPONSE TO FOREST MANAGEMENT: CAN FOREST MANAGEMENT PRODUCE MORE BREEDING BIRDS? <i>J.L. Larkin, P.B. Wood, T.J. Boves, J. Sheehan, D.A. Buebler, P.D. Keyser, A.D. Rodenwald, T.A. Beachy, M.H. Bakermans, A. Evans, G.A. George, M.E. McDermott, F. L. Newell, K.A. Perkins, M. White, & T.B. Wigley</i>	281
CERULEAN WARBLER (<i>SETOPHAGA CERULEA</i>) SPRING MIGRATION STOPOVER IN NORTHERN MIDDLE AMERICA. <i>Melinda J. Welton, David L. Anderson, Gabriel J. Colorado, Paul B. Hamel, & Diego Calderón-F.</i>	285
ADVANCING OUR UNDERSTANDING OF THE NON-BREEDING DISTRIBUTION OF CERULEAN WARBLER (<i>SETOPHAGA CERULEA</i>) IN THE ANDES. <i>Gabriel J. Colorado, Paul B. Hamel, Amanda D. Rodenwald, & David Mehlman</i>	303
CONSERVATION PLANNING AND ACCOMPLISHMENTS FOR PROTECTION OF CERULEAN WARBLER (<i>SETOPHAGA CERULEA</i>) NONBREEDING HABITAT. <i>Benjamin Skolnik, David Wiedenfeld, Randy Dettmers, Constantino Auca, Lina Daza, Heidi Valle, Francisco Sornozu, Javier Robayo, David Diaz, Jane Fitzgerald, Daniel Lebbin, & Paul B. Hamel</i>	313
INTEGRATING CONSERVATION MANAGEMENT, SPECIES PROTECTION, AND ECONOMIC VIABILITY INTO SUSTAINABLE LAND USE PRACTICES FOR THE CERULEAN WARBLER (<i>SETOPHAGA CERULEA</i>) IN THE APPALACHIAN AND NORTHERN ANDES MOUNTAINS. <i>Brian W. Smith, Jorge Botero, Jeff L. Larkin, Amanda D. Rodenwald, Petra B. Wood, Patricke N. Angel, & Scott E. Eggerud</i>	325
CERULEAN WARBLER (<i>SETOPHAGA CERULEA</i>) RESPONSE TO CHANGES IN FOREST STRUCTURE IN INDIANA. <i>Kamal Islam, Jennifer Wagner, Ryan Dibala, Margaret MacNeil, Kyle Kaminski, & Lila (Prichard) Young</i>	331
CONSERVANDO EL HÁBITAT INVERNAL DE LA REINITA CERÚLEA (<i>SETOPHAGA CERULEA</i>) EN ECUADOR. <i>Tatiana Santander G., Adrián Soria & Esteban A. Guevara</i>	339
POPULATION DISTRIBUTION, DENSITY AND HABITAT PREFERENCE OF THE CERULEAN WARBLER (<i>SETOPHAGA CERULEA</i>) IN THE DELAWARE WATER GAP NATIONAL RECREATION AREA. <i>Shannon Curley, Terry Master, & Gregory George</i>	347
FORAGING ECOLOGY OF THE CERULEAN WARBLER (<i>SETOPHAGA CERULEA</i>) IN ANDEAN AGROFORESTRY ECOSYSTEMS. <i>Jenny M. Muñoz & Gabriel J. Colorado</i>	355
PASSING THE BATON OF ACTION FROM RESEARCH TO CONSERVATION IMPLEMENTATION FOR CERULEAN WARBLER (<i>SETOPHAGA CERULEA</i>). <i>Paul B. Hamel, David Mehlman, Sebastian Herzog, Kenneth V. Rosenberg, & Jason Jones</i>	363
