

Herewith we print the first of a series of maps showing the geographical locations of EBBA members. This map was drawn by Mr. Steve Fordham, Jr. of Delmar, N.Y. who has also kindly offered to assist members wishing to visit or correspond with nearby banders by supplying a list of neighboring members on request. Many thanks to Mr. Fordham. The following maps will be of regional areas. If possible we should like to follow the cue of the Inland Bird-Banding Association and publish a paragraph about each station shown on subsequent maps. Your cooperation in supplying the paragraph when asked will be needed to make this successful.
