

WHO IS BANDING THE MOST OF WHAT?

The first responses to our request for 1955 banding totals show in the list below. Many of these figures can be topped, we know. If you banded more of a species in 1955, send us your figures. And plan now to earmark for us an extra copy of the 1956 list you will make for the Bird-Banding Office when you send in your schedules early next year.
