WHO IS BANDING THE MOST OF WHAT?

and

WHAT IS RETURNING THE MOST TO WHOM?

It is planned to **begin** printing "mostest" figures in the next issue, so once more EBBA members are urged to send in their 1957 totals of birds banded and birds returning. The easiest way to submit figures is to send in a copy of the totals you send the Banding Office at the time you submit your schedules. And do not neglect to add your returns!

A new editor, for this section of Ebba News, has been added. She is Mrs. Joseph Cardinali, of Jamestown, N.J. All figures you submit will be promptly forwarded to Mrs. Cardinali who will tabulate them and present them for publication here in a greatly improved form.
