70 Wright Avenue, Burlington, Vermont

WHITETHROAT RETURNS Mrs. Herbert M. Church, Jr., Janelia Farms, Ashburn, Va. writes: "I started banding on February 1, 1960 as a sub-permittee of Mr. John Dennis. From February 13 to April 1960 I banded 78 White-throated Sparrows. As of this date (Feb. 5, 1961) I have had returns of 32 out of those 78 birds - 41 percent and they are still stragling in!" (We hope to have more on this in the next issue.)
