

INDEX TO VOLUME 30, 1967

We are very greatly indebted to Mary (Mrs. John C.) Schmid for the compilation of this index, as for the previous indices since and including the nine-year Vol. 13-21 index (copies still available from the Editor at a cost of \$1.10).

Entries are separated by semicolons. The figures represent Issue number, Page number. In some cases symbols in parentheses are included:

(A) Age	(D) Disease	(Pl) Plumage	(S) Sexing
(B) Bait	(Dr) Drawing	(Rc) Recovery	(St) Study
(Ba) Band	(I) Identification	(Rt) Return	(Tr) Trap
(C) Color mark	(Ph) Photograph		

To conserve space, individual references for each species mentioned in "Who Banded What" and Return columns are not included; nor are extralimital Peruvian species listed on pp. 262-264 of this issue.

- Albatross, Southern Royal (1)28
 White-capped (1)28
