

INDEX TO VOLUME 31, 1968

Once again, we express our gratitude - and admiration - to Mary (Mrs. John C.) Schmid who has compiled the yearly indices since 1958, as well as the two nine-year indices, Vols. 13-21 and 22-30. Copies of both of the latter are still available from the Editor @ \$1.10 each.

Entries (separate issues) are separated by semicolons. The figures represent Issue number and Page number. In some cases symbols in parentheses are included, as follows:
