THE COVER PICTURE The photograph is a carved Canada Goose, done by Bruce Burk of Sherman Oaks, California. The picture accompanied the announcement of the Third Biennial American Bird Carving Exhibit, held at Washington College in Chestertown, Maryland, November 19 to 23, 1969. The exhibit is sponsored by the Kent County Chapter of the Maryland Ornithological Society, under the aegis of EBBA member Mrs. Edward Mendinhall. The full announcement of the exhibit is not published here because, unfortunately, it did not arrive in time for inclusion in the last issue of EBBA News and this issue will not reach members in time. Still, we hope many EBBA members will have had a chance to see this fine exhibit.
