

CORRIGENDA

In the recent article “Correct data for Florida’s first two specimens of Thick-billed Murre (*Uria lomvia*)” by Jack P. Hailman (FFN 39:89-91, 2011), the catalog number for the murre specimen collected 6 December 1992, ca. 1 mi N of Jupiter Inlet, should be GEW 5872, not GEW 5871.
