

Based on limited observation we can conclude that Canada geese nesting as far south as Mississippi are very similar in their nesting behavior to geese breeding farther north. However, it should be remembered that this observation was for only one nest, whereas those of Kossack's were concluded from several different nest observations.

Mississippi Ornithological Society
Organized April 30, 1955

Officers

President: Mr. Louis P. Cashman, Jr.
Vicksburg Evening Post, Vicksburg, Mississippi
39180

Vice-President: Mr. Burton S. Webster
