M.O.S. Officers and Memberships-----Back Cover

Front Cover: Female Purple Martin announcing occupancy of her nest site. April 1976, Meridian, MS. Photo by J.A. Jackson.

(There have been 6 previous issues of the Mississippi Kite, Vol. 1(1), Vol. 2(1, 2), Vol. 3(1), and two issues published as numbers 5 and 6. With this issue we will resume numbering issues by volume. Each volume will include all issues published within a calendar year. This means that Numbers 5 and 6 are effectively Vol. 4(1) and Vol. 5(1). Our goal is to begin publication of the Mississippi Kite on a regular basis (eventually quarterly). Please support the Mississippi Kite by your contribution of manuscripts as well as by your membership in the M.O.S. and enlisting new members for the society.)
