BULLETIN
OF THE
Nuttall Ornithological Club:
A QUARTERLY JOURNAL OF ORNITHOLOGY.

EIGHTH YEAR OF PUBLICATION.

This BULLETIN is devoted to

GENERAL ORNITHOLOGY.

All the leading ornithologists of this country, and nearly all others who are actively interested in the progress of the science, are regular contributors to its pages.

Though intended primarily as the medium of communication between working ornithologists, and consequently maintaining a high technical character, it aims to be entertaining as well as instructive, and contains a fair proportion of sufficiently popular matter to suit all those who are interested in Birds. It will be mainly devoted, as heretofore, to the Ornithology of North America. Being a general

MAGAZINE OF ORNITHOLOGY,

its review department promptly gives critical notices, not only of American works and papers, but of the more important publications relating to Ornithology at large; while its department of General Notes is rich in the experiences of the working ornithologists of this country.

As heretofore, the Editorial Supervision is in charge of

MR. J. A. ALLEN,

Assisted by PROF. S. F. BAIRD *and* DR. ELLIOTT COUES.

TERMS.—\$2.00 a year, including postage; strictly in advance. Back volumes at the same price. **Single numbers, 50 cents.**

Remittances by mail will be at the risk of the sender, unless sent as a postal order or draft on Boston or New York. Address all remittances to
