

BIRD BOÑANZAS' SOUTH AMERICA

COLOMBIA

- majestic condors soaring above the snow-capped Andes
- furtive antbirds peering through lush jungle foliage
- sparkling tanagers and glowing hummingbirds

or THE GALAPAGOS

- penguins and flightless cormorants diving in the Humboldt Current
- Darwin's finches and immense seabird nesting colonies
- a visit to an Ecuadorean jungle research station

These two tours visit a rich variety of habitats and geographical areas and offer the avid birdwatcher as many as 400 species in Colombia and vast bird concentrations in the Galapagos. Small groups under expert leadership.

Dates: Galapagos, Ecuador — June 15 to 23, 1972. Cost \$775 to \$875.

Colombia — November 25 to December 5, 1972. Cost \$885.

NATURE TOURS

Friends are reminded that we continue to operate group trips in the U.S. and most countries of the world. These are general nature trips, with first emphasis on birds, second on botany. They usually run for two weeks in North America and Iceland and three weeks in the rest of the world. They are usually set up in chains so that more than one can be taken on a single departure.

UP-COMING DATES, 1972
