People of Refinement and Good Taste

With a love of the true and beautiful, especially in the wonders and beauties of Nature, cannot fail to appreciate THE OBSERVER, a monthly magazine of the out-door world. Its mission is to love and learn Birds, Insects, Plants, Flowers, Ferns, Mosses, Stars, Planets, Minerals, the Marvels of Minute Life in the Ponds, Ditches, etc. Do you enjoy roaming over the hills, across the open fields, along the picturesque highways, or through "Nature's temples," the woods? Or if you have, or expect to have a microscope, then try THE OBSERVER.

Check-List of North American Birds.

SECOND EDITION, THOROUGHLY REVISED.

The second edition of the A. O. U. Check-List was published in December, 1895. The Code of Nomenclature is omitted, but in other respects the matter is the same as that of the first edition, except that it has been most carefully revised, and the recent changes in nomenclature, and the species and subspecies described since 1886 are included. The ranges of the birds have also been largely rewritten and the subject of geographical distribution brought down to date.

Taylor's Standard American Egg Catalogue.

A GUIDE TO OOLOGISTS.

Price, 20 Cents.

Accurately pricing all but the very rarest of North American Nests and Eggs, furnishing a true basis of exchange for all collectors.

Conforming to the Nomenclature of the New A. O. U. Check-List.

Compiled by **H. R. TAYLOR,**

With the Careful Assistance of A. W. ANTHONY, THOMAS H. JACKSON, A. M. INGERSOLL, J. H. BOWLER, ORA W. KNIGHT, FREDERICK M. DILLE, C. W. CRANDALL, REV. P. B. PEABODY, CHESTER BARBOUR, and other Active Oölogists.

This is the *only standard* catalogue, and has *no* connection whatever with any other—past, present, or future. It has been compiled after the most painstaking researches, weighing ~~all existing~~ information, and correcting many egregious and misleading errors which have been perpetuated in all preceding price-lists.

NESTS ARE PRICED herein for the first time, and a value is put upon the eggs of many new species and subspecies. Great care has been taken to attain typographical perfection.

Sold Only by the Publisher,
