

PATRONS, FELLOWS, MEMBERS, AND ASSOCIATES OF
THE AMERICAN ORNITHOLOGISTS' UNION,
APRIL, 1938¹

COMMENT ON THE LIST OF MEMBERS

Rumor has it that some of our members, impressed by the length of the Union's directory, have made certain inferences as to income that have led them to become dissatisfied with returns in the way of pagination of 'The Auk.' These impressions surely will be modified if members realize that the list always contains more or less 'padding.' For instance all Emeritus and Honorary Fellows and Honorary Associates (a total of 66) pay no dues. Corresponding Fellows (86 in number) also do not contribute to upkeep of the Union except as individually a small number of them subscribe to 'The Auk.' Padding further results from inclusion in the list, for a variety of reasons, of the names of delinquents, in numbers that have sometimes been very considerable. Efforts have been made to eliminate these, culminating this year in the most drastic step yet taken, namely, culling of practically all of those delinquent for more than a year. Under the By-laws, the dropping of even these recent delinquents seems to be warranted but that action has been deemed inexpedient.

Omission of names from this printed list does not mean that the persons concerned have been dropped from the Union. Dues are received at all times of the year but compilation of the directory must stop at some definite date. A member may be restored to good standing the day after the list goes to press but the fact cannot then be recorded in print. The Treasurer's card-file is the real roster of the Union and that officer is authorized to restore to the roll to original date regularly elected members of any class upon payment of back dues.

The printed list, therefore, should not be taken too seriously, either as a record of the standing of individuals or of the number of paid-up members of the Union. To make the latter consideration clear, the Treasurer desires to state that as of March 15, 1938, the number of paid-up members of all classes was 1,268 and of subscribers 145. At the same date the number of 'Auks' sent gratis to honorary members and exchanges was 109. The list augments through the year and reaches its maximum at the time of the annual meeting (usually October or November) when a large number of new associates is elected. For many years that number has run from 200 to 300. Nevertheless this apparent gain is offset by losses so that increase in membership in the Union has been very gradual. The financial depression reduced receipts from dues and subscriptions to below the 1921 level and only in the past year did they reattain the level of 1930. The Sisyphean nature of the task of finding 200 to 300 new members when an equal number are lost each year is something our more permanent membership should recognize. Help in building up the roster is needed and is always much appreciated.

In any event, returning to the theme expressed in the opening sentence, it is apparent that those who have been speculating about a membership of 2,000 and an income from dues in excess of \$6,000 have been indulging in fantasies.—W. L. M.

¹ By order of the Council names of Members are given in full. Members are requested to advise the Secretary of any errors and to furnish information regarding any names or addresses still incomplete.

Members of the Union and subscribers to 'The Auk' are requested to notify the Treasurer, W. L. McAtee, 3200 N. 22d St., Arlington, Va., immediately in case of any change of address.
