

Still Wanted: Back Auks

To complete sets of the journal for college, university, and other libraries, the AOU will have a long-continuing need for the following issues:

Vol. 83 (1966) January; Vol. 79 (1962) January; Vol. 70 (1953) January; Vol. 69 (1952) January; Vol. 66 (1949) January, April; Vol. 65 (1948) April; Vol. 64 (1947) All; Vol. 63 (1946) All; Vol. 62 (1945) January; Vol. 57 (1940) January; Vol. 56 (1939) All; Vol. 54 (1937) All; Vol. 53 (1936) April, July, October; Vol. 47 (1930) January.

Many earlier numbers are also needed.

If you have any of the specified issues, or older ones, consult with the Treasurer's office before disposing of them. Complete mimeographed lists have been prepared for the convenience of members who wish to arrange for the eventual transfer of *Auks* to the Union.

Pesticides in the Environment and their Effects on Wildlife

Edited by N. W. MOORE M.A. Ph.D.

This new special supplement to *Journal of Applied Ecology* (1966) contains all the papers presented at a NATO Advanced Study Institute which brought together 72 distinguished scientists from various disciplines (including twenty from North America) to discuss topical aspects of pesticide research. It will be of outstanding interest to all concerned with the control of toxic chemicals and the conservation of threatened species. American contributors include P.L.Ames, R.F.Bernard, J.L. Buckley, P.A.Butler, O.B.Cope, J.B.deWitt, J.J.Hickey, E.G.Hunt, J.O. Keith, R.L.Meeks, M.S.Mulla, T.J.Peterle, and R.E.Warner.

THE AUK

A Quarterly Journal of Ornithology

ORGAN OF THE AMERICAN ORNITHOLOGISTS' UNION

THE AUK is edited at the Museum of Natural History, The University of Kansas, Lawrence, Kansas 66044, by the following staff:

Editor, ROBERT M. MENGEL; *Associate Editor*, MARION ANNE JENKINSON

Editorial Assistants, JEROME A. JACKSON, GARY D. SCHNELL,
and JOHN L. TATSCHL

The Auk welcomes original articles and short notes, not published elsewhere, containing significant new knowledge about birds, or new interpretation of existing knowledge. Address all articles and notes intended for publication and all books intended for review to the editor.

Suggestions to contributors.—The efficient and economical transmission of knowledge by means of the printed word requires effective participation of author, editor, and printer. In order to facilitate the task of the printer, the editor should receive from authors MSS satisfying the following minimal requirements: *MSS should be typewritten, double-spaced (especially tables and "literature cited"), on one side of numbered sheets of standard (8½ × 11 in.) bond paper, with at least one inch margin all around. Tables (which should be unruled) and legends should be typed on separate sheets. Drawings should be in India ink on good board or drafting papers and lettered by lettering guide or the equivalent. Photographs should be clear, of good contrast, on glossy paper. Illustrations should allow (with particular regard to lettering) for reduction to ½ their original dimensions (final width will usually be 4¼ in.).*

Scientific and (if any) vernacular names of birds should be given upon first mention thereof and should follow the A.O.U. Check-list (1957) or the appropriate equivalent unless departures are explained and defended.

For bird weights and measurements, use metric units. Other measurements should be in the form usual to the discipline of the paper as practiced in the United States. The 24-hour clock and "continental dating" (e.g., 1 July 1858) are recommended.

Titles should be short and descriptive. MSS should follow the conventions of form observed in articles, general notes, and reviews in *The Auk*, with minor variations, since 1950. If more than 10 works are cited, references in text should relate to a terminal list of "literature cited" (see *Auk*, vols. 81 or 82 for form; *include no titles not cited*) except in general notes, where citation should normally be in text. Avoid footnotes. *Where critical matter is cited from longer papers, indicate the pertinent pages, e.g. "(Lack, 1947: 96-97)."* Citations in text should be parenthetical, e.g. "(D. Lack. *Darwin's finches*. Cambridge Univ. Press, 1947.)" or "(*Auk*, 79: 251, 1962)." *Verify all citations from original sources unless impossible, in which case so indicate.*

Articles more than 10 pp. long should include a summary that should not exceed 10 per cent of the length of the article.

For abbreviations and minor matters of form see recent issues of *The Auk*. The *Style manual for biological journals* (Washington, D. C., Amer. Inst. Biol. Sci. 1960) is generally useful also. In controversial matters of form *The Auk* frequently relies finally on the dicta of *A manual of style* (Chicago, Univ. Chicago Press, 1949).

Proofs of all articles and notes will be sent to authors. Reprints of articles, notes, and other items are to be paid for by the author. These must be ordered from Allen Press Inc. on the blanks sent with the proof.

CONTENTS

BOBWHITE	frontispiece, facing p. 1
BEHAVIOR OF THE BOBWHITE, <i>COLINUS VIRGINIANUS</i> . <i>Allen W. Stokes</i>	1
PHYSIOLOGICAL RESPONSES OF THE BLUE-THROATED AND RIVOLI'S HUMMINGBIRDS. <i>Robert C. Lasiewski and Richard J. Lasiewski</i>	34
ON THE SIERRA MADRE SPARROW, <i>XENOSPIZA BAILEY</i> , OF MEXICO. <i>Robert W. Dickerman, Allan R. Phillips, and Dwain W. Warner</i>	49
MOLT IN THE ADELIE PENGUIN. <i>R. L. Penney</i>	61
RESPONSES OF BROODING NIGHTHAWKS TO A DISTURBANCE STIMULUS. <i>Anthony F. Gramza</i>	72
SELECTION AND USE OF DRUMMING SITES BY MALE RUFFED GROUSE. <i>Gordon W. Gullion</i>	87
 GENERAL NOTES	
Wild Turkeys (<i>Meleagris gallopavo</i>) with supernumerary leg spurs. <i>Lovett E. Williams, Jr.</i>	113
Cock pheasants rout Marsh Hawk. <i>John P. Weigand</i>	114
A specimen of the Golden-cheeked Warbler from Florida. <i>Glen E. Woolfenden</i>	115
Fossil owls from the Hagerman local fauna (Upper Pliocene) of Idaho. <i>Norman L. Ford and Bertram G. Murray, Jr.</i>	115
Notes on the interspecific behavioral relationships of marsh-nesting passerines. <i>Mary F. Willson</i>	118
Aggressive behavior by a migrating Cape May Warbler. <i>Herbert W. Kale, II</i>	120
Notes on hatching and growth of the Southern Lapwing in Chile. <i>J. K. Greer and Marjorie Greer</i>	121
Diving schedules of a Common Loon and a group of Oldsquaws. <i>Paul A. Stewart</i>	122
A 36-year-old wild Herring Gull. <i>Olin Sewall Pettingill, Jr.</i>	123
Observations on embryos of Common Loons. <i>Robert Lister</i>	124
A flight-time integrator for birds. <i>Eugene A. LeFebvre, Richard C. Birkebak, and Frank D. Dorman</i>	124
Another record of active molt in passerine birds. <i>Larry L. Wolf</i>	128
Organisms consumed by various migrating shorebirds. <i>William S. Brooks</i>	128
The incubation period of the Hawaiian stilt. <i>Andrew J. Berger</i>	130
The eggs and nesting ground of the Puna Plover. <i>Gunnar Hoy</i>	130
"Resting" heart and respiratory rates of small birds. <i>R. Alan Lewis</i>	131
Migrant races of western Wood Pewee in Utah. <i>William H. Behle</i>	133
REVIEWS. <i>Edited by Kenneth C. Parkes</i>	135
SPECIAL REVIEW: THE NEW DICTIONARY OF BIRDS AND THE PROPOSED WORLD LIST. <i>Oliver L. Austin, Jr.</i>	142
