

REVIEWERS FOR *THE AUK*, 1990

The prepublication review process is essential to the maintenance of high scientific standards in a journal. The efforts of the individuals who contributed reviews, both singly and together, are remarkable. Each has been thanked personally, but deserves this public acknowledgment. The memorials for Volume 107 were solicited and managed by C. Stuart Houston. The names of individuals who contributed two or more manuscript reviews are followed by an asterisk.

Elizabeth Adkins-Regan, Alan D. Afton,* David G. Ainley, Rauno V. Alatalo, Thomas Alerstam, Bertin W. Anderson, M. G. Anderson, Vivian Anderson, C. Davison Ankney,* Jane E. Austin, Michael L. Avery, John C. Avise,* John P. Badgerow, J. T. Bagnara, Allan Baker,* George S. Bakken, Thomas C. Balgooyen, Martha Balph, G. Thomas Bancroft, George F. Barrowclough, Jeb A. Barzen, Robert C. Beason, James C. Bednarz, Michael Beecher, Bruce Beehler,* Stephen R. Beissinger,* James R. Belthoff, Neil P. Bernstein, Keith L. Bildstein, Erik Bitterbaum, Gilbert W. Blankespoor,* Anthony H. THE AMERICAN ORNITHOLOGISTS' UNION will offer several **Marcia Brady Tucker Travel Awards** to help defray expenses of outstanding students wishing to present a lecture or poster paper at the society's meeting in Montreal. The paper may have multiple authors (not true for best student paper competition; see Call for Papers), but the student's name must be first and the student must present the paper/poster. *Beginning in 1989, no student shall receive more than one MBT Travel Award*; students who have received one award prior to 1989 will be eligible for one more. To apply, send the following materials to ROBERT M. ZINK, Museum of Natural Science, Louisiana State University, Baton Rouge, Louisiana 70803, by **13 May 1991**: (1) expanded abstract of paper, max. 3 pages typed double-spaced, to include methods, major results and scientific significance (i.e. not "results will be discussed . . ."); (2) curriculum vitae; (3) anticipated budget of *travel* (only) expenses; (4) letter of support mailed separately from the academic advisor supervising the research. Note that 10 copies of all materials (except reference letter) must accompany each application. Applications for MBT awards do not guarantee a place on the scientific program; see instructions given with the Call for Papers in the meeting announcement. Recipients of any AOU research awards during 1991 cannot be considered for MBT funding. The MBT Travel Award competition is separate from competition for best student paper/poster awards (see Call for Papers for rules).
