### Erratum

In "Two song populations of the Northern Parula" by Ralph R. Moldenhauer (1992, *Auk* 109:215-222), the last statement in the caption of Figure 2 reads "Type A is the western-type ending, while type B is eastern-type ending." This statement should have been deleted, as it referred to a diagram in an earlier version of the figure that, subsequently, was modified.
