

Erratum: Zink et al. (1999)

ROBERT M. ZINK¹

*J. F. Bell Museum of Natural History, University of Minnesota, 100 Ecology Building, St. Paul,
Minnesota 55108, USA*

I regret to report that in our recent phylogenetic analysis of *Toxostoma* (Zink et al. 1999), we misspelled the English and scientific names of the Ocellated Thrasher (*Toxostoma ocellatum*) 43 times in the text, figures, and tables. Indeed, the only time we got it right was twice on page 1032 and once each in Ta-

ble 3 and Figure 3. We thank the Interim Editor for sharing in the blame.
