

ABSOLUTE SECURITY

Is the consideration in ANY financial contract, especially when the contract may run for twenty years—or more [into the future]. There are other things to be considered, but the first—and greatest—is SECURITY.

This security, rigidly demanded in any ordinary financial transaction, should be still more rigorously insisted upon in a contract of life assurance, on which the whole future of your family may depend.

What questions would you ask about a bank, a business, or any enterprise in which you think of investing? (1) What is its financial strength? (2) What are its surplus earnings? (3) What dividends does it pay? Carry the same business sagacity into life assurance and the Equitable will answer your questions as follows:

1. FINANCIAL STRENGTH.

The Equitable is the strongest life company in the world. Its surplus is larger by millions than that of *any* other company. And surplus not only means strength, but is also the fund from which dividends to policy holders are paid.

2. SURPLUS EARNINGS.

During the past twenty years the Equitable's surplus earnings have been larger than those of *any* other company. And dividends to policy holders cannot legitimately be paid until they are earned.

3. DIVIDENDS PAID.

Since 1860 the Equitable has paid a larger amount in dividends to policy holders than *any* other company. Moreover, during the past seven years the Equitable has paid each year, in dividends to policy holders, more than \$2,000,000. No other company can point to such a record.

During the forty years of the Equitable's history it has achieved results which have not only never been paralleled, but HAVE NEVER BEEN APPROACHED by any other company during a similar period.

Equitable Policies are to the assurer what Government Bonds are to the investor—the safest that can be obtained. Yet they cost no more than any other GOOD assurance. Here is the actual result of an investment in an Equitable Policy:

The Largest Endowment Ever Paid.

Fifteen years ago Mr. George Gooderham, of Toronto, took out 15-Year Endowment Policy No. 289,421 for \$100,000 in the Equitable Life Assurance Society, paying an annual premium of \$8,382. Now his policy has matured and shows the following results:

1. Cash,	-	\$150,847
2. Paid-up Assurance,	210,000	
3. Annuity for Life,	40,320	

At the same time Mr. Gooderham took out a policy of the same kind for the same amount and with the same premium in another company; the cash return on which was \$15,000 less than on the Equitable policy. Here is what Mr. Gooderham says of his results:

"I have always been a strong advocate of Endowment Insurance, and about the time I took" your policy for \$100,000 I placed \$400,000 of Endowment policies on my life in eight" different companies. Of this amount \$310,000 has already matured. I have lived to see" the result and to know what it means. These results realized by the Equitable are larger" and more satisfactory than any result ever realized by me on any of my policies which" have matured to date. I may say that they are quite satisfactory, and that no company" has ever done so well for me."

If you would like to know what the result would have been in your own case, send your age and the amount on which you would like to receive figures. Write for the figures no matter what part of the United States you reside in.

POLICIES ISSUED FROM \$1,000 TO \$200,000. Address

A. M. SHIELDS, Manager, Cal fornia, Nevada
and Hawaiian Islands.

Crocker Building, - - San Francisco, Cal.

THE PREMO

Has achieved a national reputation as the highest grade of Camera made. It embodies all that skill, money and brains can devise. Has "Victor" lens and shutter, the best furnished with any Camera. Many styles have long bellows, making it possible to photograph distant objects full of detail.

Price \$10.00 and up.

Catalogue now ready and sent on application.

Rochester Optical Co.,

South Street, Rochester, N. Y.

When you write, please mention "The Condor."
