

AFIELD IN CALIFORNIA.

We have pleasure in presenting an "informal" photograph of Prof. F. E. L. Beal of The Biological Survey, Washington, D. C., whose sojourn in California has thus been made a "matter of record." Californians will be interested in a likeness of one of the authors of the numerous excellent food bulletins issued by the Department of Agriculture, while Prof. Beal's Eastern conferees may behold him bereft temporarily of official dignity and enjoying his field work in company with
