

California is a big state, and our members are scattered pretty well from one end to the other. Our circles of acquaintance are limited, and THE CONDOR proposes to enlarge them, if the scheme strikes all concerned favorably.

In each number we would like to publish the portraits of say six ANENT A SCHEME members, and to continue these symposia as long as possible. Of course the matter rests with you, the Club members. If you like the idea, signify your approval by sending us your photograph and we will begin the series as soon as there are portraits enough to insure success.

In the current volume and those to follow THE CONDOR will endeavor to present as many short notes as possible. We believe no one feature has so much intrinsic value. With this end in view we ask every one to explore his past experiences, at home or afield, for items. Do not wait for remarkable or unusual incidents. One must remember that there are plenty of facts to be learned about our commonest birds, and that what thru familiarity may seem commonplace with you, usually is interesting to others. At any rate send in plenty of short notes, and let us be the judge.

A REQUEST We mail with this issue the index to volume IV, which has been carefully prepared by Mr. Grinnell.

To Mr. H. R. Johnson of Stanford we extend our best thanks for designing the magazine heading.

THE CONDOR is now mailed from Palo Alto tho still printed by Mr. Nace in Santa Clara. The change was made to avoid the confusion occasioned by the shifting of the editorial office.
