THE GUN THAT WENT TO AFRICA

Above cut shows the finest gun that went to Africa with the Roosevelt party, selected because the 1909 Ithaca lock is the simplest and only unbreakable lock; it operates in 1-625 of a second, twice as fast as other locks. Warranted to out-shoot any other make. Remember we make dainty little 20 gauge guns.

Marlin

Take-down Repeating Shotgun

Marlin repeating shotguns are guns of perfect proportions, made in 12 and 16 gauges, with simpler mechanism than any other repeater.

They have the *Marlin* solid top always between your head and the cartridge, the side ejector, and the closed-in breechbolt that keeps out rain, snow and sleet, dirt, leaves, twigs, and all other foreign matter. These features add greatly to the efficiency of a gun and to the comfort and convenience of the shooter.

The Model 16, 16-gauge *Marlin* is the only light weight repeating shotgun made. It weighs but 6½ pounds, handles fast and shoots close and hard. It is unequalled for quail shooting, for squirrels, rabbits and all small game.
