[About 225 pages and 3 maps] *Now in Press*

An up-to-date, authoritative bird-list which should be in the hands of every active bird student in the western United States. It gives geographical ranges, with exact citations, and will be the basis for all further distributional studies.

The management urges quick response, so that a large advance sale will help meet this unusual expense. Each C. O. C. member should insure receipt of his copy as soon as off the press, about October 21st.

Members of the C. O. C. may take the regular Club discount (50%) which applies to all Avifaunas.
