FOR SALE

The Cooper Club has recently acquired a few sets of "Zoe." This publication was one of the earliest on the Pacific Coast to record new scientific facts; it started in 1890 and ran through 1900; five volumes in all were issued. A file of "Zoe" contains a wealth of papers by early California zoologists, and is very rare. A. W. Anthony, Walter E. Bryant, David Starr Jordan, W. Otto Emerson, Lyman Belding, Frank Stephens, Harry R. Taylor, J. G. Cooper and N. L. Britton were some of its contributors.

We offer these sets (complete except for the last issue, vol. V, no. 11, which was devoted entirely to botany) for \$5.00 plus postage. The entire amount realized from their sale will be placed in the Endowment Fund of the Cooper Ornithological Club.
