CONTENTS

Frontispiece

- 223 Convergent Characteristics in Sympatric Species: A Possible Relation to Interspecific Competition and Aggression
MARTIN L. CODY
- 240 Birds and the Ant \times Acacia Interaction in Central America, with Notes on Birds and Other Myrmecophytes
DANIEL H. JANZEN
- 257 Vocalizations of the Rufous-sided Towhee, *Pipilo erythrophthalmus oregonus*
JOAN BELTZ ROBERTS
- 267 Seasonal Cycle of Reproductive Physiology in the Black-billed Magpie
MICHAEL J. ERPINO
- 280 Food Habits of Canvasbacks, Redheads, and Lesser Scaup in Manitoba
JAMES C. BARTONEK and JOSEPH J. HICKEY
- 291 Respiratory Metabolism of the Red-winged Blackbird in Relation to Ambient Temperature
R. W. LEWIES and M. I. DYER
- 299 The Song of the Chingolo, *Zonotrichia capensis*, in Argentina: Description and Evaluation of a System of Dialects
FERNANDO NOTTEBOHM
- 316 Ecological Aspects of Migration, and Pre-migratory Fat Deposition in the Lesser Redpoll, *Carduelis flammea cabaret*
P. R. EVANS

SHORT COMMUNICATIONS

- 331 Recent Bird Records from the Virgin River Valley of Utah, Arizona, and Nevada
ROLAND H. WAUER
- 335 Calculation and Miscalculation of Equations Relating Avian Standard Metabolism to Body Weight
ROBERT C. LASIEWSKI and WILLIAM R. DAWSON
- 337 News and Notes
- 340 The Bulletin Board

FRONTISPICEE. Some members of two evolutionary lines of woodpeckers between which pairs or larger groups of species are convergently similar in appearance. To the right of the midline are the "logcocks," to the left the "ivory-bills." Identity and collecting locality of the adult males shown are: 1. *Hemicercus canente canente* (Siam); 2. *Meiglyptes jugularis* (Siam); 3. *Blythypicus pyrrhotis pyrrhotis* (N Burma); 4. *Micropternus bachyura phaiiceps* (Burma); 5. *Phloeocastes guatemalensis regius* (México); 6. *Phloeocastes melanoleucos malherbii* (Panamá); 7. *Dryocopus lineatus mesorhynchus* (Costa Rica); 8. *Chrysocolaptes lucidus sultaneus* (N India); 9. *C. l. stricklandi* (Ceylon); 10. *C. l. erythrocephalus* (Palawan, Philippine Islands); 11. *C. l. xanthocephalus* (present on central Philippines); 12. *Dinopium benghalense benghalense* (Punjab, N Central India); 13. *D. b. erythronothon* (Ceylon); 14. *D. javense everetti* (Palawan, Philippine Islands).
