**HELP PERPETUATE YOUR
SOCIETY**

The Cooper Ornithological Society is an active, viable organization in large part thanks to those individuals who, over the years, have contributed to our Endowment Fund. Please take a moment to consider making a contribution to that Fund, or, if you wish, putting the Society in your will for a bequest. Past bequests by members, most of them amateurs who wished to insure that the Society could continue to offer membership at a relatively low rate, have been vital to the Society.

Today, interest and dividends from the Endowment Fund cover more than 1/3 the costs of running the Society, primarily the publication of the Condor.

Any amount you contribute or bequeath to the Society is tax deductible, and will become part of our permanent endowment. Only income earned from the investments is used, the principal continues generating funds. Gifts or bequests can take the form of stocks, bonds, property, as well as cash.

If you wish to give a gift to the Society, for any specific or general purpose, or if you wish further information, please contact any Officer or C. John Ralph, Endowment Fund-raising Committee, 7000 Lanphere Road, Arcata, California 95521 (707)822-3691 or 822-2015).
