

IBIS

Journal of the British Ornithologists' Union

Edited by Dr Peter Jones

Department of Forestry and Natural Resources, University of Edinburgh,
King's Buildings, Edinburgh EH9 3JU, UK

One of the most prestigious bird journals in the world, *Ibis* has been in existence since 1859. It publishes papers from both professionals and amateurs on all aspects of ornithology ranging from geographical distribution to bird behaviour, covering topics such as kin selection, altruism and breeding sys-

tems. Reviews of the ornithological literature have always been an important feature of the journal. Although it is published for the British Ornithologists' Union it is by no means exclusively British, and less than half the papers deal with British birds.

Subscription Information

Ibis is published quarterly. Subscription rates for 1990 are £80.00 (UK), £96.00 (overseas) and US\$159.50 (USA & Canada) post free.

AMERICAN ORNITHOLOGISTS' UNION
MEMBERSHIP INVITATION

The American Ornithologists' Union is the oldest and largest organization in the New World devoted to the scientific study of birds. Although the A.O.U. is primarily a professional organization, its 4,000 members include many amateurs dedicated to the advancement of ornithology.

Publications Available Through Membership

The Auk, a quarterly journal published for more than 100 years, reports original scientific research. Supplements provide summaries of worldwide ornithological literature.

The bimonthly *Ornithological Newsletter* reports information about organizational activities, job opportunities, research granting agencies, requests for assistance with special projects, etc.

Additional Publications

- Ornithological Monographs*
- Ten-year Indexes to *The Auk*
- Back Issues for *The Auk* and *Ornithological Monographs*
- Anatomical and Egg Inventory Series
- Research and Membership Directories
- Check-Lists (and updates) for North American Birds

Activities Supported by Membership

- Annual Meetings, which include reports of scientific research, plenary lectures, films, workshops, exhibits, field trips, and social events
- Ornithological Research
- Graduate Student Travel to Annual Meetings
- Annual Awards for Excellence in Research
- Committee Projects on Conservation Issues
