

NEW BOOKS IN ORNITHOLOGY

CHRISTOPHER W. THOMPSON, BOOK REVIEW EDITOR

For policies regarding what publications are cited in these new book bibliographies, and for information regarding availability of these publications, please consult my previous bibliographies (Condor 95:245-250, 95:491-494). Comments enclosed in square brackets are mine and are intended to clarify the content of the publications. Hereafter, species accounts of the *Birds of North America* project will not be listed individually by author; instead, a list of all 40 species accounts comprising each of the 17 remaining volumes will be published when each volume is completed.
