

LIST OF MEMBERS OF THE WADER STUDY GROUP

We have not published a full list of members since the early days of the WSG in June 1971 (Bull. 3), although new members and changes of address have appeared in most Bulletins since then. We intend to publish complete lists more frequently in the future as a service to members. The list below includes all on our records who have not notified us of resignation. New members and changes of address since the last updating in Bull 22 are marked N and C respectively. The list includes some whose resignation had been assumed because of lapsed subscription; these may not have received recent bulletins but will receive this one together with a note asking if they wish to resume membership (or confirm their presumed resignation). It also includes some who have continued to be sent Bulletins although their subscriptions for the current year (and in some cases previous ones also) have not apparently been received. They will also receive a note with this Bulletin. WE REGRET THAT BECAUSE OF INCREASED COSTS WE SHALL NOT BE ABLE TO SEND FURTHER BULLETINS TO THESE MEMBERS UNLESS FORMS ARE RETURNED WITH APPROPRIATE PAYMENTS.

We apologise in advance for spelling mistakes in names and addresses of members; we would be grateful if members would send corrections to the Administrative Secretary (Graham F. Appleton, 18 Old Barn Road, Bournville, Birmingham, England), or, in N. America to Edward H. Miller (Biology Dept., York University, 4700 Keele Street, Downsview, Ontario M3J 1P3, Canada).

The list is divided into several sections. This is for administrative convenience, being based on the Bulletin circulation list which is divided mainly according to British postal costs. No differences in type of membership are implied, except that the North American members are organised into a section within the WSG. The N.American list given here includes members who have joined directly to the central organisation as well as via the N.American Secretary/Treasurer.
