NO MIST NETS IN JULY

As mentioned in our January and April issues, I expect to be abroad during July, 1966. Therefore, we regret that NEBBA will be unable to ship mistnets or reply to inquiries from about June 24th through August 5th. We expect to have good stocks of nets in early August, and to be able to ship orders promptly at that time.

E. Alexander Bergstrom

NOTES AND NEWS

The prices for separates shown in *Bird-Banding*, 34: 177, July, 1963, are still in force. However, as the printer found he had underpriced the charge for extra copies of the entire issue, the cost of such copies (when ordered by authors, before the issue is printed) is now 40c each, *including* postage. Whole copies may be cheaper for an author if he wants only a few, or for extremely long papers.

Prices for the nine types of mistnets regularly stocked by NEBBA are as shown in the January, 1966 issue, though parcel post insurance rates have gone up meanwhile, and an increase in basic parcel post rates appears imminent. As this issue goes to press, we have received a few of the new tethered nets (type HT), discussed in the April issue, but have not yet heard how these are performing in the field. Orders or inquiries should be directed to Mr. E. A. Bergstrom, 37 Old Brook Road, West Hartford, Conn. 06117.

The index to *Bird-Banding* for 1941-50 may be obtained from Mrs. J. R. Downs, So. Londonderry, Vt. 05155, at \$3.00 (paperbound) or \$4.50 (hard cover) for present NEBBA members or subscribers to *Bird-Banding*; or \$4.00 (paperbound) or \$5.50 (hard covers) to others. All prices include postage.
