**HAWK MOUNTAIN RESEARCH AWARD.** The Board of Directors of the Hawk Mountain Sanctuary Association announces its annual award for raptor research. Students wishing to apply for the \$500 award should submit a description of their research program, a curriculum vita, and two letters of recommendation by 30 September 1983 to James J. Brett, Curator, Hawk Mountain Sanctuary, Route 2, Kempton, Pennsylvania 19529. The final decision will be made by the Board of Directors late in 1983.

Only students enrolled in a degree-granting institution are eligible. Both undergraduate and graduate students are invited to apply. The award will be granted on the basis of a project's potential to improve understanding of raptor biology and their ultimate relevance to conservation of North American hawk populations.
