

Hawk Migration Conference

The Hawk Migration Association of North America and the Hawk Mountain Sanctuary Association are pleased to announce Hawk Migration Conference IV: Hawkwatching Beyond The Numbers. The conference will be held at the Rochester Marriott Airport Hotel in Rochester, New York, March 24-27, 1983. For further information write to either Joseph W. Taylor, Chairman Host Committee HMC/IV, 20 Parrish Road, Honeoye Falls, NY 14472 or Mrs. Laura Moon, Chairman Planning Committee, 25 Edgewater Lane, Rochester, NY 14617.

ATLASSING

1983 will be the third of five summers of data collection for the Ontario Breeding Bird Atlas. Birders who will be visiting the province are invited to participate. Of special interest are flights to remote areas of boreal forest, muskeg and tundra which have been arranged *free of charge* for volunteers who are interested in visiting these areas and collect-

ing information for the Atlas during June and July 1983. For more information contact Mike Cadman, Ontario Breeding Bird Atlas, FON Conservation Centre, 355 Lesmill Road, Don Mills, Ontario, M3B 2W8, (telephone) 416-449-2554.

Calling all state, provincial, and local Audubon Society secretaries—here is an opportunity for your members, worrying about bird protection and conservation, to get themselves involved in a major scientific project and to enjoy themselves. This enterprise was launched at the international birdmen's get-together last summer in Moscow and we are flagging out for help in the atlas preparation. We have prepared a leaflet explaining the Holarctic Avian Speciation Atlas (HASA) and how YOUR members could help—write to the Yorkshire Museum, York, England, for supplies to distribute to your members at meetings. Rates are: 50 leaflets £2.64; 100 for £5.00; 150 for £7.35; 200 for £9.84; 250 for £12.27. Send your order NOW enclosing International Money Order expressed in British Sterling payable to the Yorkshire Museum.

REFEREE ROSTER

We herewith express our gratitude to the following persons who have generously contributed their time and knowledge to *American Birds* as referees of manuscripts during 1982.—

Irvin W. Ailes, Robert Ake, John W. Aldrich, Lawrence G. Balch, Luis F. Baptista, Frank C. Bellrose, Tom J. Cade, Charles Collins, Jon Dunn, Craig A. Faanes, John Farrand, Jr., Davis W. Finch, Dennis Forsythe, Richard W. Fyfe, Daniel D. Gibson, Joseph J. Hickey, Marshall Howe, Thomas A. Imhof, Jerome A. Jackson, Joseph R. Jehl, Jr., George M. Jonkel, Brina Kessel, Lawrence Kilham, P. W. Kirk, Vernon M. Kleen, Donald E. Kroodsmas, Wesley E. Lanyon, David S. Lee, Thomas E. Lovejoy, Brooke Meanley, Burt L. Monroe, Jr., Helmut C. Mueller, J. P. Myers, Harry B. Nehls, Robert J. Newman, Robert L. Norton, John C. Ogden, James W. Parker, Kenneth C. Parkes, Allan R. Phillips, Frank A. Pitelka, C. John Ralph, Chandler S. Robbins, Sam Robbins, William B. Robertson, Ronald A. Ryder, P. D.

Don Mills, Ontario M3B 2W8

Birders write about RARE BIRDS OF THE WEST COAST by Don Roberson:

Birding has come of age on the West Coast with this book which every active birder should have, whether he is a neophyte or one of the sophisticated hotshots looking for strays within the states and provinces that border the Pacific. Roberson has done a masterful job in compiling, graphing, mapping, and documenting these rarities as well as giving us some hot tips on identification problems. A must!

Roger Tory Peterson

I almost didn't buy it because the title did not seem to offer much to a birder from Michigan. I would have been much quicker to get it if I had realized how much good ID info there is contained within.

Bill Bouton

This is a book which all ornithologists who have an interest in North American bird distribution should obtain.

Guy McCaskie, *Birding*

A unique and very helpful contribution to North American Ornithology. It is the kind of book that makes birders drool!

Jim Tucker, ABA founder

Very useful identification summaries . . . fascinating reading for rarity enthusiasts anywhere in the world.

British Birds review

500 pages covering nearly 300 birds. Color paintings of over 100 species, 250 photos, maps, graphs, and much more.

\$24.95 Plus 1.50 shipping. Cal. residents add 1.50 sales tax.

LEARN

Bird Photography

CORNELL UNIVERSITY'S LABORATORY OF ORNITHOLOGY offers a new HOME STUDY COURSE IN BIRD PHOTOGRAPHY

A COMPLETE GUIDE TO PHOTOGRAPHING BIRDS

Photography is an important scientific and educational tool for the study of birdlife and a source of personal enjoyment for birders throughout the world. Now... with our new home study course... you have access to the most comprehensive source of information on bird photography available. The text features over 200 photographs and drawings, plus essays by noted ornithologists and photographers, such as Eric Hosking, Ron Austing, Olin Sewell Pettingill, and John Dunning.

Learn how to

- Select and use equipment
- Construct and use blinds
- Photograph at nests
- Photograph birds in flight
- Use electronic flash and
- Use motion picture equipment
- remote control
- And much more

INDIVIDUAL TUTORING

You not only get a complete text and other study materials, but individual tutoring of your photographic work through the assignments you submit. From selecting and using equipment, to the most advanced techniques for recording bird behavior on film, we'll take you step by step through a course that's tailored to meet your own interests and needs.

For information on how you can enroll, fill in the coupon and send it today to: Photo Course, Dept. AB, Laboratory of Ornithology, Sapsucker Woods, Ithaca, NY 14850.

YES. Please send me information on the Bird Photography Course.
