

INDICES

Volume 37 — 1983

*Prepared by Anne Wagner,
Margaret Rubega, and Judy Katz*

Index of Articles

The American Birds Salon of Photography 1983. 37(5)811.
An annotated bibliography of the founding of the American Ornithologists' Union, Peter F. Cannell. 37(4)355.
Announcements, 37(3)349.
Announcements, 37(6)1039.
"Antique" Christmas Bird Counts: gone but not forgotten, Leif Robinson. 37(4)365.
Autumn Book Roundup, Robert Arbib, Susan Roney Drennan, and Lois Gebhardt. 37(5)835.
The Blue List for 1984-Questionnaire. 37(3)278.
Blue-faced Booby in North Carolina, Ricky Davis and Robert Needham. 37(1)117.
Book and Record Reviews, Robert Arbib and Susan Roney Drennan. 37(2)237.

Don Messersmith's WORLD NATURE TOURS

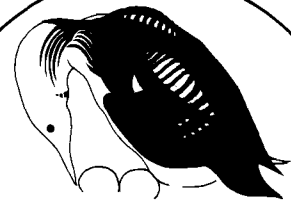

We invite you to come along on one of our 1984 birding/nature tours. We emphasize birds, but also take time to observe wildflowers, mammals, etc. Our groups are small and the leaders are experienced naturalists. We are now **Specialists in Birding Trips to China** with three tours in 1984. Other destinations include Galapagos & Ecuador, Israel, Trinidad, Costa Rica, Texas, Arizona, Utah, Botswana, and Argentina.

Write for our free brochure:
WORLD NATURE TOURS, INC.

Silver Spring, MD. 20901

California Condor activity patterns and age composition on a foraging area, Eric V. Johnson, D. Lee Aulman, David A. Clendenen, Gary Guliasi, Louis M. Morton, Penny I. Principe, Gayle M. Wegener. 37(6)941.
Changing Seasons: Autumn Migration, 1982, Paul Lehman. 37(2)150.
Changing Seasons: Winter 1982-83, Carl E. Bock and Diane Larson. 37(3)275.
Changing Seasons: Spring Migration, 1983, Paul B. Hamel. 37(5)840.
Changing Seasons: Nesting Season, 1983, Thomas M. Haggerty and Kimberly G. Smith. 37(6)961.
Chinstrap Penguin in continental South America, Arnold Small. 37(3)345.
Christmas Bird Count dates through 1984-1985-1986. 37(4)805.
Christmas Bird Counts nos. 1-1452. 37(4)409.
Colombian Crane (*Neocrex columbianus*), and Paint-billed Crane (*N. erythrops*), first breeding records for Central America, Robert A. Behrstock. 37(6)956.
Coming! A new official checklist of North American birds — a revolution in avian nomenclature, Paul A. DeBenedictis. 37(1)3.
Conservation of migrating shorebirds: staging areas, geographic bottlenecks and regional movements, J.P. Myers. 37(1)23.
Correlation between House Finch increase and House Sparrow decline, John C. Kricher. 37(4)358.
December nesting of the Collared Plover in western Mexico, Ralph S. Widrig. 37(3)273.
Differential sex distributions of wintering diving ducks (*Athyini*) in North America, William C. Alexander. 37(1)26.
Directory of Booksellers. 37(6)1040.
Distribution and habitat preference of the Upland Sandpiper (*Bartramia longicauda*) in Wisconsin, Robin P. White. 37(1)16.
The distribution, habitat preference, and status of the Mississippi Kite in Tennessee, Peter I. Kalla and Fred J. Alsop, III. 37(2)146.
Early nesting of the Roadrunner, *Geococcyx californianus*, in California, James W. Cornett. 37(2)236.
Ecological observations on an endangered species: the Maui Parrotbill, *Pseudonestor xanthophrys*, John H. Carothers, Stephen R. Sabo, and Robert B. Hansen. 37(5)820.
Eighteenth in the Fuertes print series. 37(1)14.
The Eighty-third Audubon Christmas Bird Count, Lois H. Heilbrun and the CBC Regional Editors. 37(4)369.
The field identification of North American eagles, William S. Clark. Illustrations by Brian Wheeler. 37(5)822.
Fifty years of bird sound publication in North America: 1931-1981, Supplementary Notes, Jeffery Boswall. 37(4)800.
First Indiana record of the California Gull (*Larus californicus*), Timothy C. Keller. 37(1)120.
First nesting of the Little Gull (*Larus minutus*)

in Quebec, Pierre Bannon 37(5)838
First record of Brambling, *Fringilla montifringilla*, for North Dakota, Thomas A. Gatz and Rebecca Quanrud. 37(1)112
First record of juvenal "white-phase" Great Blue Heron in Texas, Elric N. McHenry and John C. Dyes. 37(1)119.
First record of the Wood Sandpiper, *Tringa glareola*, from Bermuda, Eric J. R. Amos and David B. Wingate. 37(1)115.
Forty-sixth Breeding Bird Census, Edited by Willet T. and Aldeen C. Van Velzen 37(1)49.
Further notes on pipit identification, Lars Svensson. 37(2)234.
Green Heron in Hawaii, Peter W. C. Paton and Laurie H. MacIvor. 37(2)232
Going Places — Trips and Tours, 1984 Prepared by Anne Wagner. 37(6)1032
Horned Grebes downed by ice storm, Stephen W. Eaton. 37(5)836.
The Ideal Model Christmas Bird Count, Robert Arbib. 37(4)366.
Identifying Streak-backed Orioles: a note of caution, Kenn Kaufman. 37(2)140
The importance of social display in the life cycle of the Black-billed Magpie, Craig Scharf and Gordon Clover. 37(6)935
An important new field guide: *Seabirds, an identification guide*, by Peter Harrison 37(2)127.

Join The Federation of Ontario
Naturalists Co-Sponsors of

CANADIAN NATURE TOURS

for
**Tours of
Wild Canada**

A varied programme, with
excellent leaders, touching all
corners of the country.

Birding tours across Canada,
wilderness canoeing in Northern
Ontario, many high arctic tours,
general natural history trips to
both sea coasts, and mountain
backpacking.

Index of S.A.s

The letters S.A. above a boxed note in the text of a Regional Report stand for the words *Special Attention*. Where boldfaced species are mentioned in these "essays" they are also listed in the species index.

Alakai Swamp, Haw.: yields two each of Puaiohi and 'O'u, and a single O'o'a'a'. 37(5)915.
 Cedar I. N.W.R.: disastrous fire destroys North Carolina marsh. 37(5)859.
 Christmas Island: sea temperature and rainfall affect change in seabird populations and in Hawaii. 37(3)341.
 Cormorant, Double-crested: nesting continues to increase in Ontario. 37(6)983.
 Cormorant, Double-crested: produce deformed young in Wisconsin. 37(6)990.
 Crane, Whooping: foster chicks fledged and migrate with Sandhills. 37(2)203.
 DOWITCHER, Long-billed: arrives early in Washington. 37(6)1008.
 Falcon, Peregrine: nests on New York City bridges. 37(6)972.
 Goshawk: stages largest recorded invasion in Middlewestern Prairie states. 37(2)186.
 Grebe, Horned: low numbers in Southern Atlantic states. 37(3)291.
 Gull, Great Black-backed: increase in numbers in Washington, D.C. area. 37(3)289.
 Gull, Iceland: continuing confusion over identification and distribution of subspecies. 37(3)280.

Gull, Iceland. variations in plumage. 37(3)282.
 Gull, Ring-billed: nests in inland Ontario suffer heavy predation. 37(6)984.
 Gull, Ross': visits e. Colorado in spring. 37(5)896.
 Gyrfalcon: update on two Lancaster County, Pennsylvania birds. 37(3)285.
 Hawaii: vagrant waterbird species make good autumn showing. 37(2)227.
 Hawk, Broad-winged: record number observed in Texas while new wind data analyzed. 37(2)200.
 Heron, Western Reef: first appearance in Western Hemisphere at Nantucket I., Massachusetts. 37(5)846.
 Holarctic shorebirds: low autumnal proportion of juvenals to adults invites debate. 37(2)162.
 Hummingbird, Calliope: observed bathing and preening in Big Bend N.P. 37(2)198.
 Hurricane *David*: resultant deteriorated environment prohibits avian recovery in Haiti and Dominican Republic. 37(2)228.
 Kite, Mississippi: found nesting in new area in Arizona. 37(6)1013.
 Kite, White-tailed: nesting for first time in Arizona. 37(6)1013.
 Kittiwake, Black-legged: substantial increase in numbers in s. Ontario. 37(2)175.
 Loon, Com.: an estimated 4000+ mysteriously die along Florida coast. 37(5)861.
 Migratory fallout: field observers and technology combine to monitor massive fallout along Red River Valley. 37(2)195.
 Murrelet, Marbled (*perdix*): identified in Massachusetts. 37(2)157.
 Osprey: Idaho study determines whether species will incubate Bald Eagle eggs. 37(6)1008.
 Plover, Piping: population and distribution survey in North Dakota yields remarkable numbers. 37(6)1000.
 Plover, Snowy: Gulf Coast populations carefully monitored for Federal listing. 37(6)996.
 Ponape and Kosrae Is., Caroline Is.: surveys of forest birds administered to determine status of native avifauna. 37(6)1028.
 Sandpiper, Sharp-tailed: reported at Jamaica Bay W.R., New York. 37(6)973.
 Shearwater, Audubon's: among species found on late summer Massachusetts pelagic trips. 37(2)155.
 Sparrow, Henslow's: extends range in North Carolina. 37(6)980.
 Stint, Little: reported at Jamaica Bay W.R., N.Y. 37(6)973.
 Storm-Petrel, White-faced: among species found on late summer Massachusetts pelagic trips. 37(2)155.
 Swallow, Cliff: population explosion continues in New Jersey. 37(6)974.
 Tern, Arctic: rare but regular spring visitants in the w. Great Lakes. 37(5)873.
 Tower kill: claims 1273 birds in Florida. 37(2)172.
 Vireo, Bell's: nest in Salinas Valley for first time in 25 years. 37(6)1025.
 Vireo, Warbling: increase their numbers in established and expanded Ontario ranges. 37(6)985.

Wagtail. species difficult to distinguish in field. 37(2)225.
 Warbler, Bay-breasted: mated with Blackburnian Warbler produce young in w. Virginia. 37(6)989.
 Whistling-Duck, Black-bellied: migratory flock arrives in Florida. 37(2)171

Index of Boldfaced Birds

The following is an index of those observations appearing in the four seasonal issues (March-April, May-June, September-October, November-December) considered sufficiently noteworthy by the editors to be printed in boldface type. Items corrected by Corrigenda, whether originally boldface or not, are also indexed, and followed by the letter (C)

A

Accentor, Siberian. *Alas.* 37:214.
 albatross(sp?). *Fla.* 37:170.
 Albatross, Yellow-nosed. *Fla.* 37:980.
 Anhinga. *Minn.* 37:182, *Wis.* 37:872.
 Ani, Groove-billed. *Wis.* 37:183.
 Ani, Smooth-billed. *S.C.* 37:859.
 Auklet, Parakeet. *Haw.* 37:342.
