This adult White-tailed Eagle turned up on Kaua'i Island, Hawaii in February 2007 and remained throughout the remainder of the winter season (here on 5 March at Kilauea Point National Wildlife Refuge). This bird furnished a first state record, though there are subfossil remains of the species from Hawaii. The Hawaiian Islands Region does have a record of Steller's Sea-Eagle—an immature that was found in early February 1978 at Kure Atoll and refound in March on Midway Island. WorldTwitch 2003 Best Bird Book—North America

Raptors of North America

The Wheeler Guides

Brian K. Wheeler

Raptors of Eastern North America and its companion volume, *Raptors of Western North America* are the best and most thorough guides to North America's vultures, hawks, eagles, and falcons. Each volume is abundantly illustrated with hundreds of full-color, high-quality photographs and the most detailed species distribution maps yet to be published. They are essential field references for anyone seeking to identify these notoriously difficult birds, navigating the reader through the pitfalls of raptor identification, including the birds' often extreme variation by age and sex as well as the existence of numerous "confusion" species. The exhaustive, authoritative text covers all aspects of raptor biology in an easy-to-read and consistent format.

"These two books are major contributions to the literature of North American vultures and Falconiform raptors. . . [B]oth Wheeler books should be owned by every hawk watcher and raptor biologist."

—Donald S. Heintzelman, *International Hawkwatcher*

The Friends of *North American Birds*

SUPPORT THE FUTURE DEVELOPMENT
OF *NORTH AMERICAN BIRDS*,
THE ABA'S JOURNAL OF
ORNITHOLOGICAL RECORD

Since its inception, the fund has allowed for many improvements to the journal's look and feel. The journal is now mailed in a protective wrapper to insure its delivery in one piece. The content has benefited from an increase in page count which has allowed for additional articles with even more detailed analysis. The amount of color pages has increased which has allowed for expanded Pictorial Highlights and an occasional Photo Salon.

**All of this has been made possible
with your generous contributions.**

There are more plans in the works for future issues but the fund does need your continued support. To become a "Friend of NAB", simply donate \$50 or more. Each "Friend of NAB" will be recognized annually in the first issue of each volume of *North American Birds*.
