30cm rule is \$16.75 ppd. in USA.

(Prices subject to change.)

Institutions: Remit when ordering only one unit.

Order from: Chris N. Rose, 98 Lopez Road, Cedar Grove, NJ 07009.

Banding Pliers: These 6½" long-nose pliers have holes bored in the jaws to fit standard band sizes, so as to make it quite easy to get a perfect fit. This avoids the danger of lapped bands, which may injure the leg if not corrected, and which are troublesome to remove even with good tools. There is a split pin on the top of the plier which enables the user to open a band evenly with one operation. A spring on the side of the plier provides tension to keep the opened band in the plier while handling the bird. While new banders may welcome such pliers to increase their confidence in attaching the band, many experienced banders have shown interest in the pliers in order to handle birds more rapidly at peak times.

Pliers for band sizes 0, 1, 1B, & 1A	\$7.50
Pliers for band sizes 2 & 3	\$7.50
Pliers for band size 3A	\$6.50

These prices include postage within the U.S. Orders should be sent to Roger N. MacDonald, 850 Main Street, Lynnfield, MA 01940.
