Mist nets
 made in the **USA**

Have a
 great season
 afield!

Here's why: Double tethering resists the wind. Unbreakable braided trammels fight sagging and reduce trammel rolling. Stay-tight knots keep trammels even. Large, durable loops are made of rot-proof nylon. Baggy, resin-free construction provides maximum catching power. Cost effective. Master crafted with care by Marj and Don.

New Products: Rotring technical pens by Koh-I-Noor. Take archival field notes using traditional India ink in a modern, reliable, well-mannered writing instrument.

Also: Imported Mist Nets - Precision Spring Scales - Aircraft Aluminum Net Poles
 Wing Rules - Leg Gauges - Bird Bags - A C Hughes Colored Leg Bands - Headlamps
 Carbon Fiber Calipers - Magnifiers - Books - Banding Pliers - *Rite in the Rain* products.

North American Bird Banding Charts:

The charts are alphabetized lists of all birds banded in North America with the band size, species code, alpha code. They are a must for bird banders. These charts are developed by Andy P. Damalas, Pres. Cyprus Conservation Crusade. He earned a certificate in Bird Biology from the Laboratory of Ornithology at Cornell University and is a Ph.D. candidate in Ecological Sciences at Old Dominion Univ.

Twelve pages printed on 80 lb. 8-1/2" x 11" cover stock. Each sheet comes in a plastic protector that can be inserted in a binder. Price: \$17.00 plus \$3.00 shipping.

Please include check and order from:
Cyprus Conservation Crusade
5457 Hargrove Blvd.
Virginia Beach, VA 23464

AFO Mist Net Sales
Manomet Bird Observatory
P.O. Box 1770
Manomet, MA USA 02345

Our black, tethered, nylon nets are the best grade we can obtain in Japan. We carry 6 and 12m styles, in a variety of mesh sizes. All our thread weights are 70 denier or higher, for maximum durability and less tangle of birds. Contact us for further details and price list.

100% of AFO mist net profits are spent on activities of the Association of Field Ornithologists, including publication of the 'Journal of Field Ornithology,' and annual research grants to amateurs and students via Bergstrom Awards. Your purchase of mist nets through AFO makes a lasting contribution to the ornithological community.

MacBand v. 4.0 S

New version of the only software for the **Macintosh** that stores, views, analyzes, and summarizes banding data, and generates **schedules acceptable to the Banding Lab**. A "stand-alone" application, **requiring no additional software**. Two formats available: S10 for monitors smaller than 13" diagonally, and S13 for larger monitors. Both come with an on-line "User Manual," tutorial and dual system of data entry—"band card" and "record card"—to increase data security. Automatic entry of data, with fewer errors than committed with manual logging, and analysis of distribution by season, returns, and age ratios. Provision for entry of aging, sexing, and information keys and summary data on banding and status of species at your station.

New features in this release: on-line help, elimination of need to customize scripts and "purge" fields, addition of "user fields," provision for up to 81 locations and all 22 of the Lab.'s band sizes, default entries for repetitive banding of same species and at same location.

To order, specify format and send check for \$80. to Wesley E. Lanyon, P.O. Box 531, Keene Valley, NY 12943. (518)576-9714.

Users of earlier versions can upgrade for \$15.

AFO BANDING SUPPLIES

NEW FROM AFO

In response to requests from many of our mist net customers, we have established a new arm of AFO called AFO BANDING SUPPLIES to supply other items used by the bird banding community. As we have for forty years, we will continue to stock and sell the highest quality mist nets in the industry, but now we will also have available such additional items as banding pliers, net pole kits, wing rules, leg gauges, head-mounted lights and magnifiers, calipers, scales (including Pesola spring scales), plastic bands from England, and bird bags . . . all stocked in Manomet, Massachusetts. Many of these items are of new and unique design and of higher quality than others available in the market—and at significantly lower prices. All profits from the sale of these products go directly to AFO to help support their research and educational activities.

Send for a free catalogue to: **AFO BANDING SUPPLIES**
