

## BULLETIN BOARD

### PACIFIC SEABIRD GROUP MEETING

The Pacific Seabird Group will hold its annual meeting 11-14 December 1975 at Asilomar Conference Grounds, Pacific Grove, California.

In addition to a general papers session dealing with marine birds and their environment, two symposia are scheduled. These are: *Biology and Taxonomy of Marine Charadriiformes*, chaired by Dr. Joseph R. Jehl, Jr. and *Seabird Conservation Problems on the California Coasts*, chaired by Dr. Daniel Anderson.

For further details contact Paul R. Kelly, 816 Sutter Avenue, Palo Alto, California 94303.

### NEW MEXICO ORNITHOLOGICAL SOCIETY

The NMOS is the official state ornithological society for New Mexico. Emphasis is on field ornithology and conservation. NMOS publishes *Field Notes* twice/year and the *Bulletin* five times/year. Both are free with membership. Also available from NMOS are a series of miscellaneous publications, and field cards at 3¢ each. Memberships are \$2.50/year for students, \$5.00/year general, and \$7.50/year family. Memberships are solicited from both New Mexico and out-of-state residents. The avifauna of New Mexico is fascinating, diverse, and poorly understood. It deserves the attention of bird students from all over the West. NMOS, 2097 Camino Lado, Santa Fe, NM 87501
