

WFO ANNUAL MEETING 1992

The seventeenth annual meeting of the Western Field Ornithologists will be held jointly with the San Francisco Bay Bird Observatory on the weekend of 18–20 September 1992 at the Holiday Inn in Sunnyvale, near San Jose, California. On Friday 18 September there will be a boat trip in Monterey Bay and field trips in the San Francisco Bay Area followed by a barbecue. On Saturday 19 September an early morning field trip begins the day, followed by the papers session. This will include the now-traditional identification panel and will be followed by the banquet and keynote speaker. Another boat trip in Monterey Bay and more field trips in the San Francisco Bay Area will round out the meeting on Sunday 20 September. Mark your calendar now and mail in the registration form when it arrives in the near future. For further information, contact the San Francisco Bay Bird Observatory at (408) 946-6548. I hope to see you all there.
