### The Oologists' Exchange

A small monthly paper devoted to the Oologist and his work. It contains the most practical articles, among several might be mentioned "N.A.Birds," being a brief description of eggs and nesting of each of our birds ; "Instructions for the Oologists"; "Wisconsin Birds," being a description of each of our birds, their nests, eggs, etc , etc.

Our subscription price is only 10c. per annum, bringing it in reach of all. It will be worth as many dollars to you through new pargains in goods the publishers are offering in it. Send us a trial subscription, only 10c. a year.
