

The New List of Members.

The next BULLETIN published by the Chapter will contain a list of all members in good standing. Those who have not yet paid their dues are earnestly requested to do so at once so that their names may be enrolled with the others. The Chapter is at last free from debt and much more can now be accomplished than ever before. It should be remembered that Active members six months in arrears for dues cannot vote, hold office, or receive the Chapter publications, and are liable to suspension.

Information Wanted.

The forty-second parallel of North Latitude seems to be the limit of the Black Snowbird's northern range in winter. In some parts of the country the birds breed south of this line, and it is not uncommon for others to winter north of it. It would be interesting to know what it is that determines whether the birds shall stay in a particular place or not, and information upon the subject is requested with the idea of getting a definite knowledge of these causes. One case is on record of the Snowbird's breeding in southern New York and in certain parts of northern Pennsylvania the birds are common in
