

# A HISTORY OF NORTH AMERICAN LAND BIRDS

BY

S. F. BAIRD, T. M. BREWER, AND R. RIDGWAY

With more than 1,000 Illustrations, including Colored Frontispieces; 64 full-page plates containing 545 heads of birds, printed in colors, and 593 wood engravings.

This important work on American ornithology, giving a larger amount of information than any other work upon the subject, has hitherto been published without any illustrations in colors at \$24. It is now issued in volumes which are much handier in size, and at a price which is extremely low, taking into consideration its wealth of illustration (including many in colors) and immense amount of information.

An especially important feature of the work, one which greatly illuminates the subject, is the portion written by Dr. Brewer, containing the most graphic and accurate accounts of the habits of the birds which have been penned since Audubon.

Other valuable features are the statements given of the exact rank of each bird, the analytical and synoptical tables simplifying identification, accounts of the geographical distribution in America and other parts of the world, descriptions of varieties not in other works, etc.

3 Volumes. Large Octavo. Over 1800 pages. Cloth. Gilt Top, in Box. Price, \$10. Express charges prepaid. Address, The Wilson Bulletin, Oberlin, Ohio.
