

BIRD-LORE FOR CHRISTMAS

Tell us to whom you wish us to send BIRD-LORE for you during 1908, and we will forward a Christmas Card, giving your name as donor, a photo-gravure in sepia of a drumming ruffed grouse, and a free copy of the 100-page Christmas number of BIRD-LORE, containing two colored plates and many half-tones. All these will go in time to be received, with greetings, on Christmas Day, and BIRD-LORE will follow, as published, throughout the year. A valuable present easily made, whether to a friend or to yourself.

\$1.00 a year; for Christmas, five subscriptions for \$4.00, three subscriptions for \$2.50

Perfection Bird Houses for the Purple Martin

We build them. Twenty-five years experience in the study of these fine birds, and success in their colonization has taught us the exact requirements of the House Martins and enables us to construct ideal boxes for their use.

Illustrated Booklet
Ten Cents

The J. Warren Jacobs Bird House Co.
WAYNESBURG, PA.

The above cut shows the handsome finish, nice proportions and compact build of the *Marlin* Model '93 Big Game Rifle.

erful rifle it must be handled and used. In one's hands the rifle comes to the shoulder with that ease and precision that means good shooting at a jumping target. The direct contact of the finger lever with the breech bolt and locking bolt results in such a short easy action that the aim is undisturbed between shots. The accuracy of *Marlin* Model 1893 repeating rifles is perfect. The "Special Smokeless Steel" barrels are bored and deeply grooved with the old Ballard system of rifling, which has never been equaled. The breech bolt, locking bolt and all other working parts

are made of the time-proved *Marlin* steel drop forgings cut to a standard measure so that all parts are strictly interchangeable.

The solid top admits of the ready attachment of a telescope. The side ejection throws the empty shells away from the face and the line of sight.

Marlin Model 1893 rifles are made in calibers .25-36, .30-30, .32 Special H.P.S., .32-40 and .38-55.

The .25-36 cartridge is a splendid one for such game as foxes, woodchucks, coons, wild geese, etc., and can be safely used in a settled farming country.

The other cartridges are more strictly big game loads and are effective at moose, deer, caribou, goats, mountain sheep, elk, bear, etc.

Send three stamps for handsome new catalog, which explains this rifle and many others equally desirable.

The Marlin Firearms Co., 42 Willow St., New Haven, Ct.
