

THE ANNUAL MEETING

Our affiliation with the American Association for the Advancement of Science makes it advisable for us to hold our annual meeting with this Association when its meetings are held within our territory. Therefore the executive board has decided to hold the coming annual meeting of the Wilson Ornithological Club in Pittsburg on January 1 and 2, 1918, these being the dates when the largest number of members would be able to attend. There is good prospect of an interesting list of papers and a good attendance. Members and others who are planning to attend these meetings should also plan to present something from their studies and experiences. One feature it is proposed to introduce is a symposium upon the effect of the exceptional weather conditions of the year upon the bird life of the region which we regard as peculiarly ours.

The place of meeting will be 304 State Hall, University of Pittsburg. The general headquarters will be Hotel Schenley.

Titles of papers, with a brief abstract and statement of the time desired for presentation, should be mailed to the secretary, G. A. Abbott, Grosse Pointe Shores, Mich., at as early a date as possible, so that the program may be arranged to the best advantage.
