
Our Library

The Wilson Ornithological Research Library at Ann Arbor is about to complete its fifth year of existence in the Museum of Zoology of the University of Michigan. It has grown steadily and should continue to do so. Publications on ornithology, and the allied subjects of ecology, anatomy, exploration, travel, etc., are desired. The following types of publications are suggested as especially desirable:

- Single volumes, bound or unbound
- Magazines, sets, volumes and numbers, foreign or domestic
- Authors' reprints
- Maps
- Reports and journals of explorations
- Biographies
- Bibliographies, printed and manuscript
- State natural history and geological surveys
- Proceedings or transactions of state scientific societies
- Manuscript notebooks
- Original paintings or drawings of birds
- Photographs of birds, nests, eggs, habitats, etc.
- Portraits of ornithologists

All portraits and photographs should be accompanied with full identifying data. Authors are requested to deposit a set of reprints of their publications. Members who wish to bequeath their libraries are invited to correspond with the officers of the Club. All gifts should be addressed to:

Active Members	\$2.50 Annually
Associate Members	\$1.50 Annually

The Club suffers a considerable loss each year by members dropping out without notifying the officers. In order to avoid this loss it seems necessary to restrict the mailing list of the BULLETIN to paid up members. However, members who find it inconvenient to remit before March may receive the March number by sending a card to the Editor indicating intention to continue membership. The Club values the support of every member, and every resignation is received with regret.

In behalf of the officers of the Club the WILSON BULLETIN extends the greetings of the Season to all of its readers.
